Office Solutions

multifunction printer
high speed, high volume
color/black and white

Simply advanced.
High-volume offices that demand brilliant quality and outstanding productivity

**Standard Features**

- Copy/Print/Send/Store
- Color/Black and White
- Print up to 70 ppm (BW), 60 ppm (Color); Letter
- Up to 1200 x 1200 dpi
- Up to 13” x 19-1/4”
- 6,900-sheet maximum capacity
- Scan up to 200/140 ipm single-pass duplex
- Flexible in-line finishing options
- Scan directly to Microsoft® Word, PowerPoint®, and Searchable PDF formats
- Hard Disk Drive Lock and Erase, IPsec
Simply advanced.

The imageRUNNER ADVANCE C7200 Series drives high-speed, high-volume performance, greater user satisfaction, and eye-catching quality. Individual processes are seamlessly integrated for greater efficiency and new levels of productivity. From every point of view, these models are simply advanced.

**People-Centric**
An exceptionally intuitive, simple-to-use interface puts access to all functions right at your fingertips, whether at the device or at your desktop.

**Cloud-Enabled**
A touch of a button on the user interface lets you access, scan to, or print directly from, certain cloud applications.

**Productive**
Amazing speed, nonstop operation, and automated features let you accomplish so much more in so little time.

**Mobile**
Even on the go, you’re in control. Print from a laptop, tablet, or smartphone to an imageRUNNER ADVANCE system.

**Brilliant**
Get noticed with high-impact color or crisp black-and-white output that’s beautiful, professional, and sure to impress.

**Security**
Multilayered solutions help safeguard confidential information and support security compliance, with certain options.
Easy to use. Easy to customize.

When it comes to meeting your high-volume color needs, the imageRUNNER ADVANCE C7200 Series takes it to a whole new level. This Series is packed with smart, highly customizable features to drive efficiency and productivity.

A smart, intuitive interface

Designed with you in mind, the imageRUNNER ADVANCE C7200 Series models incorporate an impressive range of customizable, simple-to-use, streamlined features. The large 8.4”, full-color, high-resolution TFT screen provides exceptional clarity. An optional upright 10.4” screen with a movable arm is also available.

Two menus

Press the Main Menu key to gain instant access to business-ready functions. Use the Quick Menu to power productivity by combining and accessing routine tasks at the touch of a button.

Custom features

Organize the on-screen buttons to fit the way you work by determining their number, size, and layout. Even display your own logo or special graphic as a screen background.

Web-ready

The optional Web browser lets you go online directly from the device control panel. Just enter a URL to browse pages. Easily output online PDFs.

Handy tutorials

Quickly access simple, step-by-step instructions right on the user interface.
Engineered for adaptability
These intelligent systems help you achieve your goals now and in the future. With the ability to smoothly integrate hardware and software solutions, the imageRUNNER ADVANCE C7200 Series lets you personalize applications to meet your organization’s changing needs. And it’s highly flexible, so you can easily add to, or update, your system with the quick deployment of settings and applications across your enterprise.

Designed for ease
Thoughtful details, such as a light under the Automatic Document Feeder that alerts users that their originals remain and an optional USB keyboard, allow you to work more comfortably. Toner bottles can be replaced with minimal effort, and paper drawers spring open at the touch of a button.

Walk-up convenience
Easily scan to, or print from, a USB thumb drive. Browse folders and rename files. Even expand connectivity options to include memory media such as an SD card or CompactFlash card.

A consistent experience
No matter which imageRUNNER ADVANCE device you use, you’ll enjoy a consistent, simple-to-use experience. All models in the Series use the same interface and print driver.
Streamlined tasks. Powerful integration.

The imageRUNNER ADVANCE C7200 Series will streamline workflow, produce jobs fast, and help users work smarter. Multistep tasks can now be completed in a single step, cloud printing and mobile applications offer the flexibility to work anywhere, and the ability to connect with other devices and solutions enhances functionality.

On the go
In an increasingly mobile world, people need the ability to work remotely while maintaining their productivity. Now Canon delivers advanced solutions that keep work flowing effortlessly from virtually anywhere.

Advanced Workflow

Print Options
Canon’s proprietary UFR II print technology is standard with these models. Options, including Adobe® PostScript® 3™ and PCL 5c/6, are also supported.

Job and Color Management Tools
Enhance print productivity for multiuser, color-intensive environments with Canon’s imagePASS and ColorPASS print controllers. Produce professional-quality color documents with impressive ease. And the imageRUNNER ADVANCE models support spot color matching with PANTONE® certification, helping graphics-intensive environments achieve consistent color management from creation to print.

Control
Canon’s Driver Configuration Tool allows you to set specific defaults and custom profiles. You can control costs and enhance security by implementing features such as allowing only black-and-white and/or secured printing.

On the go
In an increasingly mobile world, people need the ability to work remotely while maintaining their productivity. Now Canon delivers advanced solutions that keep work flowing effortlessly from virtually anywhere.

Mobile devices
Print from, and scan to, your laptop, iPad®, or Android™ tablet, and iPhone®, Android™, or BlackBerry® smartphone. Access an imageRUNNER ADVANCE device to retrieve your job.

Cloud portal
Gain quick access to certain cloud-based applications right from your imageRUNNER ADVANCE device. Simply log-in to access or send documents directly from the cloud.

Advanced Anywhere Print
Print to a connected imageRUNNER ADVANCE system. Then conveniently and securely log-in at any supported device on the network to view and retrieve your print job with this serverless solution.

Right from your PC
Enjoy even greater control and convenience right from your workstation. Use the imageRUNNER ADVANCE Quick Printing Tool to print, fax, preview, and convert files to PDFs, as well as monitor the status of your system—all without even opening an application. imageRUNNER ADVANCE Desktop lets you manage and prepare documents, combine multiple formats, preview files, and select the finishing functions.

Integrate your imaging with enterprise applications
Canon’s middleware technology effortlessly links enterprise applications, such as Oracle® and SAP®, with Customer Relationship Management (CRM) systems such as Salesforce.com®. You can combine your document-intensive workflow and processes with these applications. The streamlined workflow automates complex business processes and offers easy access to information, saving both time and money.

Utilize the imageRUNNER ADVANCE to its full potential with professional services from Canon Solutions America
When selecting and implementing new technology, a highly skilled technical team is the difference-maker for a successful deployment. Canon Solutions America has the team of experts you need to help you acquire the right technology, solutions, and services for your organization. Our team of technical professionals draws upon decades of technical expertise and real-world experience to ensure you obtain the maximum benefit from your technology investment.
Robust security. Centralized management.

In today’s networked world, you need greater control over your resources and data. The imageRUNNER ADVANCE C7200 Series delivers just that, with the ability to configure a system, help safeguard information, and track resources, right at your fingertips.

Security Features

- **Document Security**
  - Document Scan Lock and Tracking
  - Adobe® LiveCycle® Rights Management ES2.5 Integration
  - Encrypted Secure Print
  - Watermark/Secure Watermark
  - Copy Set Numbering
  - Encrypted PDF
  - Digital Signature PDF
  - Fax Forwarding
  - Fax Destination Confirmation

- **Mail Server Security**
  - POP Authentication before SMTP
  - SMTP Authentication

- **Network Security**
  - IP/MAC Address Filtering
  - Port Filtering
  - SSL Encryption
  - Network Application On/Off
  - USB Port On/Off
  - Destination Restriction
  - IPsec
  - IEEE 802.1x (Wire/Wireless)

- **Device Security**
  - IEEE2600.1 Certification

- **Data Security**
  - HDD Lock
  - Trusted Platform Module
  - HDD Data Erase and Initialize
  - HDD Data Erase Scheduler
  - HDD Encryption
  - Advanced Box Security
  - Mail Box Password Protection
  - Job Log Conceal
  - Removable Hard Disk Drive

- **Logging/Auditing Security**
  - imageWARE Secure Audit Manager Express

Authentication

- Department ID/Control Card Systems
- Device Level Log-in (SSO-H)
- Access Management System (AMS)
- Function Level Log-in via AMS
- Authorized Send
- Common Access Card (AA-CAC)
- Universal Login Manager

Note: Some features may be optional.

Powerful command

Canon’s device management tools help keep you in charge at every step, right from your desktop or through the cloud. Easily install and replace devices, migrate settings and data to new ones, and distribute applications and settings across your network. Monitor a single device with the Remote User Interface, or an entire fleet with the imageWARE Enterprise Management Console, and even receive alerts when supplies or service are needed.

Safeguard data

From installation to retirement, this Series offers multilayered solutions to help safeguard information and support security compliance. HDD Erase, a standard feature, removes latent images after each task. A security chip with tamper-resistant hardware helps protect passwords and encryption keys. IPsec provides security for data as it traverses the network. Options such as HDD Data Encryption help protect information even after hard drive removal.

Maximize resources

These systems offer advanced tools to help you track, manage, and influence user behavior. Solutions, such as uniFLOW, analyze color output, encourage double-sided printing, and allocate costs by department, project, or client. You can also route jobs to the most cost-effective device.

Secure authentication

With the need to keep data secure, high-volume offices will appreciate the imageRUNNER ADVANCE Series’ serverless print environment. Users can print from anywhere within the network to any supported device via log-in authentication. This helps prevent printed documents from being left unattended.

Note: Some features may be optional.

Deliver gorgeous color and crisp black-and-white images at blazing speeds. The imageRUNNER ADVANCE C7200 Series includes powerful features that will help keep your business moving at peak efficiency.

Stand-out quality

Designed for high-volume environments, the imageRUNNER ADVANCE C7200 Series lets you quickly and cost-effectively produce high-quality presentations, proposals, reports, newsletters, contracts, and more, right in-house. Canon’s state-of-the-art imaging technology and toner help ensure that image quality is stunning, whether you select high-impact color or rich black and white. Canon’s proprietary ZIMA chip technology ensures delivery of crisp, clear copies. And, a selection of robust and flexible finishing options allow you to create the professional results you need, when you need them.

Powerful operation

Accomplish multiple tasks concurrently with the exceptional speed your work demands. Canon’s Advanced imageCHIP system architecture makes this possible with two dedicated processors that work together to process enormous volumes of data simultaneously. The main board handles image processing, while the accelerator board is dedicated to system control to achieve high-speed networking, UI response time, and connections to peripherals, such as USB memory media and an external keyboard.

Targeted solutions

With productivity paramount, the imageRUNNER ADVANCE C7200 Series offers the ability to personalize the way your company gathers, organizes, and disseminates information. Canon’s innovative MEAP® platform lets you develop custom solutions to meet specific workflow needs. And new levels of connector and link support enhance communication with existing systems as well as those you may acquire in the future.

Optimized uptime

Canon builds in its signature reliability. The new feeder with improved tray raise-up speed allows jobs to move rapidly through the system. Status notifications keep you informed, and toner can even be replaced on the fly. If the correct paper for a job is unavailable, the system moves quickly on to the next job. With shortened warm-up time and the new Quick Startup mode, devices start promptly. With these features and more, users can count on virtually nonstop operation, giving you more time to devote to your core business functions.
Strong commitment. Eco-conscious solutions.

The imageRUNNER ADVANCE C7200 Series incorporates innovative, eco-conscious solutions that keep your business operating efficiently while helping to reduce your environmental footprint.

A responsible way to work

Canon knows that the world and the workplace need a greener workflow, and the imageRUNNER ADVANCE C7200 Series, rated EPEAT® Gold, delivers just that. Now you can seamlessly share and distribute digital documents and preview files to make changes prior to printing, helping to reduce the use of paper and toner. Print drivers are defaulted to duplex documents, encouraging two-sided printing to reduce waste. And with Secure Print, documents are sent to a device but not printed until a password is entered, contributing to a reduction in paper waste.

A clear strategy

Greater energy efficiency

From the inside out, the Canon imageRUNNER ADVANCE C7200 Series is designed for high energy efficiency and stellar performance. Canon’s combination of fusing technologies and pQ toner helps lower overall energy consumption by minimizing power requirements and reducing energy use during warm-up and standby. With advanced technologies present in each model, the Series also meets ENERGY STAR® standards.

Minimize environmental impact

All suppliers are required to meet Canon’s stringent Green Procurement policy and environmental terms. This helps the company exceed the toughest global standards set by the EU RoHS Directive, which restrict the use of certain hazardous substances.

Reduction of CO₂ emissions

Through its Life Cycle Assessment (LCA) System, Canon has lowered CO₂ emissions by focusing on each stage of the product life cycle, including manufacturing, energy use, and logistics. These products are designed to be the smallest and lightest in their class, with less packaging, to help make transportation more efficient.

Eco-conscious design

Canon is making a difference through creative ecological thinking. These models employ certain components fabricated with recycled plastic from retired products. Canon’s innovative green technologies also include bio-based plastic, a plant-derived compound that replaces certain petroleum-based plastic parts.

Customized for your work environment

Finishing Options

A Booklet Finisher-L1
- 3-tray, 4,000-sheet capacity
- Corner and double stapling up to 50 sheets
- Booklet-making up to 16 sheets

B External 2/3-Hole Puncher-A1
- 2- and 3-hole punching

C Document Insertion/Folding Unit-G1
- Insert preprinted sheets
- Up to 13” x 19”
- 1-tray, 100-sheet capacity
- Z-fold, C-fold

D Staple Finisher-L1
- 3-tray, 4,000-sheet capacity
- Corner and double stapling up to 50 sheets

D Document Insertion Unit-J1
- Insert preprinted sheets
- Up to 13” x 19”
- 1-tray, 100-sheet capacity

Printer Options

PCL Printer Kit-AS1
PS Printer Kit-AS1
Direct Print Kit (for PDF/XPS)-H1
imagePASS-A2
- Intel® Pentium® Processor E5300 2.6 GHz
- 2 GB RAM
- Adobe PS 3/PCL 5c/6

ColorPASS-GX400
- Intel® Core™ i5 660 3.33 GHz Processor
- 2 GB RAM standard
- 500 GB Hard Disk
- Adobe PS 3/PCL 5c/PCL 6

Security Options

Universal Send Security Feature Set-D1
Universal Send Digital User Signature Kit-C1
Encrypted Secure Print-D1
Secure Watermark-B1
Document Scan Lock Kit-B1
HDD Data Erase Scheduler
HDD Data Encryption and Mirroring Kit-C7
Removable HDD Kit-AH1

Accessibility Options

Remote Operator’s Software Kit-B1
Voice Guidance Kit-F2
Voice Operation Kit-C2
Braille Label Kit-F1
ADF Access Handle-A1

Usability Options

Upright Control Panel-D1
- 10.4” TFT high-resolution touch-screen
- Tilt-and-swivel capability
- Customizable UI screen

USB Keyboard
- External keyboard
- Connects via USB interface
- Use with Utility Tray-A2 or with Universal Keyboard Stand-A1

Note: For additional options and specifications, please refer to the back page.

* Requires Staple Finisher-L1 or Booklet Finisher-L1.
** UFR II standard.
Main Unit

Operation Panel:
Standard: 8.4” SVGA Full-Color TFT Screen
Optional: 10.4” SVGA Full-Color, TFT Upright Screen
Memory
Standard: 2 GB RAM
Maximum: 2.5 GB RAM
Hard Disk Drive
Standard: 160 GB
Maximum: 1 TB
Network Interface Connection
Standard: 10Base-T/100Base-TX/1000Base-T
Optional: Wireless LAN (IEEE 802.11x via third-party adapter)

Other Interface
Standard: USB 2.0 (Host) x2, USB 2.0 (Device)
Optional: Device Port (USB 2.0 (Host) x2), Serial Interface, Copy Control Interface

Copy/Print/Scan (BW/Color: Letter)

C7270:
- Up to 70/60 ppm
- Approx. 629 GB (1 TB HDD)

C7260:
- Up to 60/55 ppm

First-Copy-Out Time (Letter)
- BW: As fast as 4.9 Seconds
- Color: As fast as 6.6 Seconds

Paper Sources (20 lb. Bond)
Standard: Dual 1100-sheet Paper Drawers, Dual 550-sheet Paper Cassettes, 100-sheet Stack Bypass
Optional: 6,900 Sheets (w/Paper Deck Unit Option)

Output Paper Capacity (20 lb. Bond)
- 4,000 Sheets (w/Staple Finisher or Booklet Finisher)

Output Paper Sizes
Drawers:
- Letter
- Cassettes:
  - 13” x 19”, 12-5/8” x 17-11/16”, 12” x 18”, 11” x 17”
  - Legal, Letter, Letter-R, Executive, Statement-R, Custom Size (5-1/2” x 8-1/2” to 13” x 19-1/4”)

Acceptable Paper Weights
- Drawers:
  - 14 lb. Bond to 80 lb. Cover (52 to 220 g/m2)
- Bypass:
  - 14 lb. Bond to 110 lb. Cover (52 to 300 g/m2)

Warm-up Time
- From Power On: Approx. 31 Seconds
- From Sleep Mode: Approx. 30 Seconds
- Quick Startup: 7 Seconds*

Power Requirements/Plug
- 120 V AC, 60 Hz, 16 A/NEEMA 5-20P

Dimensions (H x W x D)
- 48-1/8” x 27-1/8” x 36-3/4” (1221 mm x 689 mm x 932 mm)

Installation Space (W x D)
- 52-7/8” x 36-3/4” (1344 mm x 932 mm)

Weight
- Approx. 604 lb. (274 kg)**

Toner (Estimated Yield @ 5% Coverage)
- Black: 80,000 Images
- Color (C,M,Y): 52,000 Images

Copy Specifications
- Approx. 30 Seconds
- Approx. 604 lb. (274 kg)**

Power On: Approx. 31 Seconds

Power Requirements/Plug

Quick Startup

From Warm-up Time

Cassettes: 14 lb. Bond to 80 lb. Cover (52 to 220 g/m2)

Drawers:
- Letter-R, Executive, Statement-R

Output Paper Sizes

- Custom Size (5-1/2” x 8-1/2” to 13” x 19-1/4”)

Acceptable Paper Weights
- Drawers:
  - Letter
- Cassettes:
  - 13” x 19”, 12-5/8” x 17-11/16”, 12” x 18”, 11” x 17”,
  - Legal, Letter, Letter-R, Executive, Statement-R, Custom Size (5-1/2” x 8-1/2” to 13” x 19-1/4”)

Fax Specifications

Maximum Number of Connection Lines: 4

Modem Speed
- Super G3: 33.6 Kbps
- G3: 14.4 Kbps

Compression Method:
- HH, MR, MMR, JBIG

Sending/Recording Size: Statement-R to 11” x 17”

Store Specifications

Mail Box (Number supported)
- 100 User Inboxes, 1 Memory RX Inbox, 50 Confidential Fax Inboxes
- 6,000 Maximum Pages Stored

Advanced Box
- Available: Approx. 15 GB (Standard HDD)
- Disk Space: Approx. 629 GB (1 TB HDD)

Communication Protocol
- SMB or WebDAV

Supported Client PC
- Windows® (XP/Windows Vista®/7/8), Windows Server (2003/2008/2008 R2)

Security Specifications

Standard
- Department ID Management, Single Sign-On H, Access Management System (Device and Function Level Log-in), Secure Print, Trusted Platform Module, User Access Control of Advanced Box, Mail Box Password Protection, IPv-6, Restricting Features (Restricting the Send Function, Restricting New Addresses on Address Book), SSL Encrypted Communication, SNMPv1/v3, MAC/IP Address Filtering, SMTP Authentication, POP Authentication Before SMTP, HHD Erase (Up to 3x), HHD Initialize (Up to 9x), HDD Lock, Pweb, Adobe LiveCycle® Rights Management ES2.5 Integration

Universal Send Specifications

Sending Method
- E-mail, i-Fax, File Server (FTP, SMB, WebDAV), Mail Box, Super G3 Fax (Optional)

Communication Protocol
- File: FTP (TCP/IP), SMB (TCP/IP), WebDAV
- E-mail/i-Fax: SMTP, POP3, i-Fax (Simple, Full)

File Format
- Standard: TIFF, JPEG, PDF, PDF (Compact), PDF (Searchable), PDF (Apply Policy), PDF (Optimize for Web), PDF/XPS (OCR), PDF/A-1b, XPS, XPS (Compact), PDF/X (Digital Signature), PDF (Reader Extensions)
- Optional: PDF (Trace & Smooth), PDF (Encrypted), PDF/XPS
