How to Operate Instructor Remote for i>Clicker

**Power Indicator – Blue light**

**Low Battery Indicator**

**Vote Status – Not used**

**Start/Stop** the i>Clicker Polling Software between questions

After you have stopped polling for a question you can **Hide/Display** the correlated graph

**Go Forward** - Advance your PowerPoint to the next slide

**Go Back** - Return to the previous PowerPoint slide

This option is not used

**Power On/Off** - Always be sure that you see the Blue Power Indicator light on at the top of the remote.
How to operate the i>Clicker software during a presentation:

1. Make sure the blue Power light is on at the top of the remote. If not push the on/off button at the bottom below the (E) answer button.
2. Use the go forward button (C) on blue instructor remote to advance the PowerPoint presentation.
3. When a slide comes up with a question push the start/stop polling button (A) to activate the timer. It will turn green.

![Start/Stop Polling Button]

4. Allow 20-25 seconds for audience to read and answer question depending on size of audience.
5. Push the start/stop polling button (A) to stop the time. It will turn red.

![Stop Button]

6. To display bar graph of answers, push the Display/Hide graph button (B).

![Bar Graph]

7. To hide the bar graph bar push the Display/Hide graph button again.
8. Advance the PowerPoint presentation again using the Go Forward button (C).
9. If you need to go back to a slide use the Go Back button (D).
