Cultural Awareness and Competence in Healthcare

Hosted by: **International Services**

Cultural awareness and competency in health care describe the ability of systems to provide care to patients with diverse values, beliefs, and behaviors, including the tailoring of health care delivery to meet patients' social, cultural, and linguistic needs. Join International Services as they introduce students to the various ways their office can help them expand their cultural competency as they become providers of the future.

Time: **12:00 pm to 1:00 pm**

Location: **EAD 406**
