On Saturday, January 23, 2016 in conjunction with TOMA's 60th Midwinter Conference in Dallas, a Student, Resident Poster Contest for original and non-published research was sponsored by the Texas Osteopathic Medical Association Foundation. After the judges Valerie Deluca, DO and Thomas Shima, DO reviewed and evaluated each abstract based upon the criteria set forth by the TOMA Foundation, they were pleased to announce the following results at the Saturday Luncheon:

1st Place: Shehzad Batliwala
Entry: Structural Impact of Cardiac Arrest and Resuscitation on Right vs. Left Ventricular Myocardium

2nd Place: Kimberly Wilson
Entry: An Assessment of Body Weight Perception in a Rural Family Practice

3rd Place: Kyle Kalra
Entry: Health Behavior Changes Among First Year Medical Students a Pre- and Post-Analysis
