UNT DALLAS

# ABOUT UNIVERSITY OF NORTH TEXAS SYSTEM

As the only public university system based exclusively in the Dallas-Fort Worth region, the University of North Texas System is committed to driving DFW and Texas forward.

The UNT System includes the University of North Texas at Denton, the University of North Texas Health Science Center at Fort Worth and the University of North Texas at Dallas. Across our system we have grown strategically to serve over 50,000 students, and our flagship institution is now the largest university in Dallas-Fort Worth and the fourth largest in Texas.

We transform lives through education as we build the leaders of tomorrow and solve the world's problems through research and innovation. With campuses in Dallas, Denton, Fort Worth and Frisco, we are deeply embedded in the local business community through partnerships with the many globally recognized companies based right here in North Texas.

The UNT System strongly believes in the transformative power of a college degree – higher education should be accessible to everyone, regardless of income, race, gender identity/expression, age, nationality, sexual orientation, disability, veteran status or diverse perspectives. More than half of our system wide student body identifies as minority, and we are investing resources in building inclusive, caring campus communities.

Full time employees receive an excellent benefits package that includes health insurance for the employee and eligible dependents, as well as optional coverages like dental, vision, life and disability insurance. We also offer tuition benefits for the education of employees and eligible dependents, as well as a free Employee Assistance Program that focuses on mental health.

We believe in work/life balance and all of our institutions have been designated as a Best Place to Work for Parents. Dallas-Fort Worth is a world class region, offering an array of housing options – from urban to rural – and access to top notch cultural destinations, restaurants, shopping, sports/leisure and entertainment destinations.

Join our team! When you work for the UNT System or one of our member institutions you are part of something bigger.

# UNT SYSTEM ADMINISTRATION

UNT System Administration, or UNT System HQ, provides governance, service and collaborative support to the system's member institutions in academic affairs, communications, facilities and construction, finance, diversity and inclusion, government relations, human resources, information technology and internal audit.

UNT System Administration is based in downtown Dallas, however positions may be based in other locations or on one of our campuses.

- Led by the Chancellor, UNT System Administration provides executive leadership;
- Represents the University of North Texas System and its component institutions in all legal matters;
- Leads the development of educational mission, policy, and programs and facilitates and coordinates new initiatives and academic and student affairs planning and implementation;
- Oversees system wide financial planning and analysis, including coordination of the annual institution budgets within the UNT System;
- Supervises compliance with federal, state, and local laws and with Board of Regents policies;
- Provides a full range of professional design, development and management support for facilities planning and construction;
- Establishes state and federal legislative and policy priorities for the System in collaboration with the Board of Regents institutional leadership and engages constituencies and stakeholders at all levels of government on issues impacting higher education;
- Coordinates relationships with the region's communities and organizations and other university systems.

## UNIVERSITY OF NORTH TEXAS ACCOLADES

- Offers 112 bachelor's, 94 master's and 37 doctoral degree programs
- Recognized by the U.S. Department of Education as a Minority-Serving and Hispanic-Serving Institution with more 50 percent enrollment of underrepresented populations
- 89 academic programs ranked in the nation's Top 100

## About UNT

A Carnegie-ranked Tier One public university, UNT is one of the nation's largest public research universities and the most comprehensive in the Dallas-Fort Worth area. Since its founding, UNT consistently has served as a place where students from all walks of life can come to push creative boundaries and tap into their imaginations to transform the world around them. In 2022, UNT celebrated the fourth consecutive year of record-breaking enrollment while helping 11,000 students earn their college degrees. UNT is proud to be designated a Minority-Serving Institution and one of only 21 Carnegie Tier One research universities designated a Hispanic-Serving Institution, partnering with the others this year to form the Alliance of Hispanic Serving Research Universities. UNT increased its total research expenditures by more than \$10 million from fiscal year 2021.

UNT's caring campus community places student success as a top priority and works to help students meet their goals of achieving a college degree. The university also strives to continually evolve its academic offerings to provide students the best education to succeed and thrive beyond graduation in our complex and ever-changing world. For example, recent years saw the growth and expansion of much-needed degree programs such as data analytics, biomedical engineering and a complete suite of business options at the bachelor's, master's and doctoral levels. In January 2023, UNT opened its doors to its first permanent building at our UNT at Frisco branch campus, which serves more than 2,500 on the 100 acres donated by the City of Frisco to establish convenient access to the opportunities that a UNT education provides for those in Collin County and beyond.

With an eye toward fueling the North Texas economy and beyond, UNT also has developed numerous industry and business partnerships to help provide students with internship opportunities, gather firsthand knowledge about workforce practices to shape our academic programs and ensure UNT graduates are ready to join the workforce. The university's NCAA Division I athletics program soared to new heights in 2022 with several teams winning conference championships. Student-athletes also proved their academic prowess when 11 Mean Green teams boasted GPAs over 3.0, recording the highest GPA in UNT Athletics history.

## UNT HEALTH SCIENCE CENTER ACCOLADES

- A leading graduate and undergraduate health science center composed of six schools and multiple centers, programs and institutes that focus on whole health, rural health, health disparities, substance abuse/mental health, human trafficking, forensic identification, Alzheimer's disease, health policy, genomics, health care innovation, patient safety and infectious diseases.
- HSC's Texas College of Osteopathic Medicine was ranked in 2022 as the No. 1 osteopathic medical school by *U.S. News & World Report*. It consistently ranks in the top 20 of all medical schools for its percentage of graduates entering primary care. TCOM is the only U.S. medical school offering the Patient Safety Course concluding with a Patient Safety Certification opportunity awarded by the Certification Board for Professionals in Patient Safety.
- HSC's College of Pharmacy is a nationally ranked program that also ranks third in the state in total research funding.

## About HSC

The University of North Texas Health Science Center at Fort Worth consists of six schools located on a beautiful 33-acre campus in Fort Worth's Cultural District. The university includes the Texas College of Osteopathic Medicine, the School of Biomedical Sciences, the School of Public Health, the School of Health Professions, the College of Pharmacy and the newly formed College of Nursing.

The campus includes a 140,000-square-foot Health Pavilion, a 160,000-square-foot Center for Bio-Health and a 120,000-square-foot Medical Education and Training Building. The Interdisciplinary Research and Education Building, which opened in 2019, houses both teaching and research spaces.

HSC offers the nation's most comprehensive health science education on a single campus. Our student physicians, pharmacists, medical scientists, physician assistants, physical therapists, and public health and health care management professionals work side by side with faculty and staff to impact communities in Fort Worth and across Texas. We believe deeply in the purpose of our institution: to transform lives in order to improve the lives of others.

## HSC'S CORE STRENGTHS

- **Institute for Translational Research**  
Internationally recognized for innovative work in Alzheimer's disease and other neurodegenerative diseases, the ITR recently received a \$150 million grant to fund the first large-scale study of Alzheimer's disease among different races. The grant is the largest ever in UNT System history.
- **Center for Human Identification**  
CHI is nationally recognized for its forensics expertise in areas of DNA testing, human trafficking, missing persons and reducing the backlog of sexual assault test kits and strongly collaborates with global, national, state and local law enforcement.
- **Institute for Health Disparities**  
IHD is one of only a handful of Specialized Centers of Excellence in Minority Health and Health Disparities in the country — and the only one in Texas. The institute is focused on advancing the cause of diversity in science. IDH has spawned several programs, including Texas CEAL, National Research Mentoring, and the Artificial Intelligence/Machine Learning Consortium to Advance Health Equity and Researcher Diversity — the latter of which recently received \$100 million in NIH funding.

## UNIVERSITY OF NORTH TEXAS AT DALLAS ACCOLADES

- UNT Dallas is the only four-year public university in the city of Dallas, providing increased access to higher education, and serving a majority of first-generation students.
- With a student body that is more than 80% minority, UNT Dallas is recognized by the U.S. Department of Education as both a Minority Serving Institution and a Hispanic Serving Institution.
- UNT Dallas College of Law was fully approved for accreditation by the ABA in February 2022 and was ranked No. 1 in America for diversity by *preLaw Magazine*.

## About UNT Dallas

UNT Dallas is committed to serving the educational needs of its diverse student body, which is predominately Hispanic and African American first-generation college students. As the only 4-year, public university in the city of Dallas, the university serves the educational and career training needs of students residing in southern Dallas and the surrounding communities. The Trailblazer Elite program provides select students with personal mentors, career development planning and financial literacy skills, which all work to support student retention.

On the horizon, the university is preparing for the opening of a new STEM building. Expanding science program offerings and creating new classroom and laboratory experiences will provide the needed training to prepare UNT Dallas graduates for careers in the growing science and health-related fields.

The university's commitment to students was further validated by being named a Top Public School and a Top Performer in Social Mobility by U.S. News & World Report. UNT Dallas also ranked highly on Money.com's list, earning the No. 5 spot for Best College in Texas. UNT Dallas received two of the best rankings in the annual Texas Public University Report Card from the nonprofit Scholarshot, with a 90 in Student Outcomes and 100 in Community Supports. And, Third Way ranks the university No. 3 in Texas and No. 15 nationally for Economic Mobility.

UNT Dallas continues to gain momentum in rankings as students seek both quality and affordability in their academic pursuits. The university plans to create additional mobility pathways as illustrated by the opening of the UNT Dallas Center for Socioeconomic Mobility through Education.

# BENEFITS: A GREAT PLACE TO WORK

The University of North Texas System offers high quality, comprehensive benefit programs to serve the varied needs of our employees and their families. Administered by the Employees Retirement System (ERS) for the Texas Employees Group Benefits Program (GBP), employees are offered competitive health benefits as well as a menu of optional benefits like flexible spending accounts. Employees also have access to an array of perks and discounts through our employee discount programs.

## WE ARE COMMITTED TO YOUR HEALTH

Through Blue Cross Blue Shield, employees have a choice between two health insurance plans designed to best fit your needs: The HealthSelect point-of-service plan or the Consumer Directed Health Select plan comprised of a high-deductible health plan and health savings account. Both plans take effect the first of the month after just the 60th day of employment.

## ALSO INCLUDED:

- **DENTAL PLAN:** Employees can choose between Delta Dental PPO or Delta Care HMO
- **VISION BENEFITS:** State of Texas Vision is offered to employees and eligible dependents.
- **LIFE INSURANCE:** Employees receive a \$5,000 basic term life policy with health coverage and may also enroll in Optional Term Life up to 4X annual salary (or a maximum of \$400,000).

## GET EIGHT HOURS PAID TIME OFF SIMPLY BY MAKING YOUR HEALTH A PRIORITY

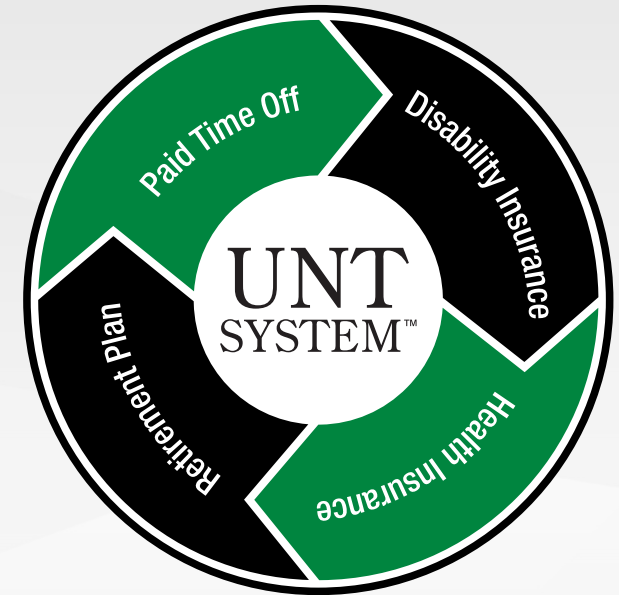

Our Well-being Leave Credit offers eight hours paid time off annually simply by completing a physical exam and online health risk assessment.

## WE ARE COMMITTED TO YOUR WELL-BEING

Our comprehensive and caring Employee Assistance Program (EAP) provides free counseling 24 hours a day for help with family, work-life balance, legal or financial issues. Immediate assistance is just a call or click away at no cost. All services are available to active and retired employees, as well as members of their households.

## WE ARE COMMITTED TO YOU FOR A LIFETIME

The UNT System offers an excellent retirement plan through the Teacher Retirement System (TRS) that includes 7.5% state contribution, as well as an Optional Retirement Program (ORP) plus a variety of voluntary retirement accounts such as the UNT System-administered Tax Sheltered Annuity 403(b) and TexaSaver 457.

# DALLAS-FORT WORTH REGION: A GREAT PLACE TO LIVE

Dallas-Fort Worth (DFW) is a world class region, offering an array of housing options – from urban to rural – and access to top notch cultural destinations, restaurants, shopping, sports/leisure and entertainment destinations. The DFW metropolitan area (7.6 million people) is the nation's fourth largest and encompasses 13 North Texas counties.

One-quarter of all Texans live within the DFW region, which boasts the largest concentration of corporate headquarters in the United States, including 22 Fortune 500 companies. The region is served by two world class airports – Dallas-Fort Worth International Airport and Dallas Love Field – with both American Airlines and Southwest Airlines based in DFW.

Dallas is home to the Texas State Fair every October and the region offers virtually all major sports, including the Dallas Cowboys (NFL), Dallas Stars (NHL), Texas Rangers (MLB), Dallas Mavericks (NBA), Dallas Wings (WNBA) and FC Dallas (MLS) all playing in state-of-the-art venues across the DFW area. Outdoor enthusiasts have access to countless activities with sprawling parks, green spaces and several lakes featuring boating, water sports, and trails for mountain biking, road biking and hiking.

## DALLAS

Dallas is the ninth-largest city in the U.S., and third largest in Texas with nearly 1.5 million residents. Dallas offers urban living in a revitalized downtown and a vast variety of diverse suburban living. The Dallas region's booming economy is attracting large numbers of companies and relocating corporate headquarters from across the U.S., adding an average of more than 300 people per day planting roots in neighborhoods and school districts that are equally diverse and nationally recognized.

## FORT WORTH

Fort Worth is the 13th-largest city in the U.S. and the sixth fastest-growing city in the nation, yet maintains its friendly, "Cowtown" charm. Fort Worth offers city living in a vibrant 35-block downtown area with endless fine dining, world-class BBQ, Tex-Mex and a variety of ethnic cuisine.

## DENTON

Denton is a bustling town that sits about 35 miles to the north of both Dallas and Fort Worth where Interstate 35W and 35E converge. Named the Best College Town in America, Denton is home to our flagship UNT and offers rural, suburban and downtown living options.

## FRISCO

Frisco's population explosion, from 6,582 in 1990 to more than 200,000 today, is for good reason. A booming economy and outstanding public schools helped propel the city to the top of MONEY Magazine's "50 Best Places to Live in America."

*Our friends at the Dallas Regional Chamber of Commerce have a full relocation guide and other DFW resources available at [SayYESToDallas.com](http://SayYESToDallas.com).*
