

REPORTING

Laboratory Emergencies

Fire Safety

When a fire alarm sounds:

- Turn off all flames
- Close hazardous containers
- Close Fume Hood
- Turn off all equipment
- Exit the building
- If clothes catch fire, cover face with hands, use blanket to smother flames, stop, drop, and roll.
- Never use a fire extinguisher on a person.

Personal Safety

In case of an injury/exposure:

- Inform Principal Investigator
- Seek Medical attention:
 - If medical emergency call 911 or go to nearest hospital.
 - Primary Care Physician
 - Priority Care Clinic:
 - Phone: (817) 735-2273
 - Location: IREB 105
- If workers' compensation injury, contact Human Resources.

Animal Safety

Ensure personnel and animal safety in emergencies:

- Animals are not to be housed in lab, unless approved by IACUC.
- Maintain euthanasia equipment for emergencies.
- In the event of an emergency, return animals to DLAM facility, if possible.
- Animals are not to be left alone in the laboratory. If an emergency requires this, contact the DLAM (817) 735-2017.
