Information in this handbook is considered policy and procedure of the Department of Physician Assistant Studies. Each student is responsible for knowing current academic and administrative policies and procedures that apply to enrollment in their degree program. The University of North Texas Health Science Center (HSC) reserves the right to amend or add to these policies and scholastic regulations at any time during an individual student’s enrollment period provided that such changes or additions are intended to improve the quality of education and are introduced in a fair and deliberate manner. Students in the Physical Assistant Studies (PAS) program are subject to HSC institutional and PAS program policies while on or off campus during PAS student activities. All policies of the HSC, School of Health Professions (SHP), and PAS programs will be in effect. For a complete listing of university policies, see unthsc.policytech.com. Approved university and program policies and procedures can be accessed on PolicyTech and on the PA Faculty Canvas page. All program policies apply to all students, faculty, and staff.

Appendix B
HSC Physician Assistant Studies

Welcome!
The Physician Assistant Studies (PAS) program at The University of North Texas Health Science Center at Fort Worth (HSC) is housed in the School of Health Professions (SHP), which includes Physical Therapy and Personalized Health and Well Being programs. The mission and goals for the PAS program are as follows:

UNTHSC Mission
Create solutions for a healthier community.

PAS Program Mission
The mission of the Program is to create solutions for a healthier community by preparing graduates with knowledge and skills needed for physician assistant practice, emphasizing primary care medicine and meeting the healthcare needs of underserved populations.

PAS Program Goals
Goal 1: Graduates will demonstrate knowledge needed for PA Practice by achieving acceptable mean scores on the PANCE.
Goal 2: Graduates will contribute to solving the healthcare workforce needs.
Goal 3: Students will demonstrate professional behaviors during clinical interactions in the PA program.
Goal 4: Students and alumni will report satisfaction in the quality of the PA program.

HSC Student Code of Conduct and Civility

Overview
HSC has adopted policies to govern student behavior that are educational in nature and designed to help students understand expectations and accept responsibility for their own actions. PAS students are expected to read, understand, and comply with the Student Code of Conduct & Civility (“The Code”).

Student Code of Conduct and Civility (“The Code”)
Enrollment at the HSC is considered implicit acceptance of the Student Code of Conduct & Civility (“The Code”) and all other policies applicable to students.

Social Media and Professionalism Policy
Social media has created unique opportunities for interaction, communication, and networking. PAS students are expected to abide by the Student Code of Conduct & Civility (“The Code”) and the Health Insurance Portability and Accountability Act (HIPAA) when using social media by not revealing patient/client/research subject information, private content, or proprietary information regarding patient/client/research subjects of the HSC. For more information, see the University policy on Social Media and Professionalism.

Consequences for PAS Program Students
Note that violations of the Student Code of Conduct & Civility (“The Code”) are grounds for dismissal from the PAS program. In addition, PAS students who commit “minor” violations of the Student Code of Conduct & Civility (“The Code”) are not eligible for PAS honors and awards. Furthermore, when preparing materials for state licensure, PAS graduates must disclose to the Texas Medical Board any and all Student Code of Conduct & Civility (“The Code”) violations during their PA education including, but not limited to professionalism sanctions, drug/alcohol offenses, or warnings/sanctions from any department within HSC. Any disclosures or nondisclosures may delay, inhibit, or limit PA licensure. Potential violations of the UNTHSC Student Code of Conduct and Civility (“The Code”) will be referred to the Student Affairs Office and may be reported to the Texas Medical Board (TMB).
For more information, see Procedure No. 18: Physician Assistant Program Student Professionalism Violation

PAS Program Student Health and Technical Standards

Americans with Disabilities Act
HSC is committed to providing equal educational access for qualified students with disabilities in accordance with state and federal laws. HSC does not discriminate on the basis of an individual’s disability and complies with Section 504 and Public Law 101-336 (American with Disabilities Act) in its admissions, accessibility, treatment and employment of individuals in its programs and activities. The University of North Texas Health Science Center provides academic adjustments and auxiliary aids to individuals with disabilities, as defined under the law, who are otherwise qualified to meet the institution’s academic and employment requirements.
PAS Program Student Health and Technical Standards
All candidates must meet certain health and technical standards to participate in the physician assistant educational programs. Graduation signifies the graduate is prepared for entry into the practice of medicine as a physician assistant with the requisite knowledge and skills to function in a broad variety of clinical situations and provide a wide spectrum of patient care.

A candidate for the physician assistant degree must have abilities and skills in five areas: Observation, Communication, Motor, Conceptual, Intellectual, Behavioral, and Environmental. Technological compensation can be made for some disabilities in certain areas, but for the majority, the candidate should be able to perform in a reasonably independent manner. The use of a trained intermediary requires a candidate's judgment to be mediated by someone else's power of selection and observation. Therefore, assistance from trained intermediaries to meet these technical standards may eliminate an essential element of the program and is not a permissible accommodation.

For more information, see PAS Procedure on Student Health and Technical Standards.

PAS Program Philosophy

Overview
The PAS program philosophy guides all policies and procedures in the PAS program. PAS students are required to understand, uphold, and adhere to the student responsibilities within the PAS program philosophy.

PAS Program Philosophy
Our purpose is to graduate competent professionals, and we believe that student success is the result of full participation and cooperation between the program (i.e., policies, procedures, courses, faculty, and staff) and the student.

PAS Program Responsibilities

- Provide clear and fair standards for educational components and student success.
- Conduct critical ongoing evaluation of program policies and procedures.
• Provide an environment conducive to learning and with honest and open communication.
• Know, support, and promote program philosophy, policies, and procedures.
• Display integrity and professionalism in attitudes, behaviors, and interactions (includes all HSC values)

PAS Student Responsibilities

• Demonstrate self-responsibility, self-motivation, self-regulation, and effort in your learning.
• Continually assess own strengths, weaknesses, and barriers in learning and utilize resources for student success.
• Communicate honestly and openly any issues prior to major events or failures.
• Know and follow program philosophy, policies, and procedures.
• Display integrity and professionalism in attitudes, behaviors, and interactions (which include all HSC values).

PAS Program Curriculum

Overview
The PAS program curriculum is designed to ensure PAS students meet the expected entry-level PA graduate competencies published by the National Commission on Certification of Physician Assistants (NCCPA), in conjunction with the American Academy of Physician Associates (AAPA), the Physician Assistant Education Association (PAEA), and the Accreditation Review Commission for the Education of Physician Assistants (ARC-PA). Entry-level competences cover areas of medical knowledge, interpersonal and communication skills, patient care, professionalism, practice-based learning and improvement, and systems-based practice. Expected graduate competencies can be found on the PAS program website at https://www.unthsc.edu/school-of-health-professions/physician-assistant-studies/physician-assistant-competencies/

The PAS program is a full-time program that will leave little to no time for outside employment. There are two phases of the PAS program curriculum: the Didactic Phase and the Clinical Phase. More information about the PAS program curriculum can be found on the PAS program website at https://www.unthsc.edu/school-of-health-professions/physician-assistant-studies/current-students/.

Didactic Curriculum
The didactic phase of the curriculum occurs from Fall semester of Year 1 to Spring semester of Year 2 and includes classroom coursework (approx. 20 course hours per long semester) in overview courses, basic sciences courses, and clinical medicine courses.
Foundation Courses
The Foundation Courses include Approach to PA Practice, Principles of Evidence Based Medicine, Clinical Anatomy, Neuroanatomy, Human Physiology, Medical Interviewing, Physical Examination Skills, Introduction to Disease, and Introduction to Pharmacology.

Clinical Medicine Courses
The Clinical Medicine courses include Hematology, Head, Eyes, Ears, Nose, & Throat, Endocrinology, Neurology and Lab Medicine, Gastroenterology, Dermatology, Genitourinary, Cardiovascular Medicine 1, Cardiovascular Medicine 2, Women’s Health, Musculoskeletal System, Pulmonology, Pediatric Medicine, Emergency Medicine, Fundamentals of Behavioral Science, Geriatrics, Clinical Skills and Clinical Integrated Medicine (CIM 1-4).

Master’s Project
Master’s Project is a capstone project that will be completed during the clinical phase. It is designed to assess the student’s understanding and application of evidence-based medicine. The project may include written case studies/presentations or other written research projects/papers that may be submitted for publication. PAS students will learn more about the content and timing of Master’s Project as they near the clinical phase of the curriculum.

Senior Seminar
Senior seminar is a summative evaluation course designed to assess the graduate competencies required for entry into the PA profession in the areas of knowledge base, patient management skills, and professionalism. Presentations, lectures, and workshops are provided during the course to assist students in preparing for the PA National Certifying Examination after graduation. PAS students will learn more about the content and timing of Senior Seminar as they near the clinical phase of the curriculum.

Clinical Rotations
See Supervised Clinical Practice Experience (SCPE) Student Handbook for additional information.

Dual Degrees
In addition to your PA education, students may elect to work toward a Master of Public Health (MPH) and Master of Health Administration (MHA).

For more information on the dual program, see https://www.unthsc.edu/school-of-public-health/future-students/pa-mph-dual-degree-option/(Website needs updated as well with dual degree information.)
PAS Program Remediation

Overview
Students enrolled in the PAS Program must meet the academic and professional standards established by the PAS Program in order to progress through the didactic and clinical phases of the program. PAS students who fail a course in the didactic or clinic phase of training, must successfully remediate the failed course and otherwise remain eligible to continue in the PAS Program.

For more information on course remediation, see Physician Assistant Remediation Procedure.

PAS Program Promotion, Probation, and Dismissal

Overview
Students enrolled in the Physician Assistant Studies Program must meet the academic and professional standards established by the Physician Assistant Studies Program to be eligible for promotion and to graduate as noted in this procedure. Students who do not meet standards are subject to probation or dismissal. To be eligible for promotion, the student must meet the requirements of each course in all respective semesters of the curriculum.

For more information, see Physician Assistant Promotion, Probation, Dismissal Procedure Manual.

Suspensions and Expulsions

Overview
Suspension and expulsions are considered disciplinary sanction and these sanctions will be notated on the student transcript. “Suspension” means temporary separation from the institution for serious or repeated misconduct. “Expulsion” means permanent separation from the institution as a result of serious misconduct.

For more information, see The Student Code of Conduct and Civility (“The Code”).
PAS Faculty Roles

PAS Principal Faculty
PAS principal faculty members develop, coordinate, and monitor student instruction and clinical experiences in the PAS program. They serve as Faculty Advisors, Course Directors or Liaisons, guest speakers, and faculty course support in the didactic and clinical phases of the curriculum.

PAS Faculty Advisors
Upon matriculation into the PAS program, each PAS student is randomly assigned a Faculty Advisor from the PAS faculty. The role of the advisor is to encourage PAS students, offer advice regarding academic or professional issues, and direct them to campus academic resources. Per ARC-PA accreditation standards, faculty advisors are not allowed to provide medical or personal advice. Additionally, faculty, staff, or other PA department employees may not be involved in student medical care (except in a medical emergency). It is required for PAS students to meet with their faculty advisors during the didactic phase at regularly scheduled intervals. PAS students can request additional sessions as needed. PAS administrative staff will schedule mandatory advising appointments according to student and faculty schedules.

PAS Course Director or PAS Course Liaison
Each PAS course is assigned a PAS Course Director (when the course is administratively housed in the PAS program) or a PAS Course Liaison (when the course is administratively housed in another HSC department). The role of the Course Director or Liaison is to ensure that course and exam content are relevant, accurate, current, organized, and evidence-based. Course Directors or Liaisons are also responsible for the development, coordination, conduct, and/or support of course syllabi, course activities, and course schedules. All PAS student questions, comments, or concerns about PAS course content and conduct should be directed first to the PAS Course Director or Liaison, if no resolution the student should contact the DAE and then the Program Director.

PAS Adjunct Faculty
PAS adjunct faculty members are healthcare providers who facilitate students’ learning. They serve as guest speakers and faculty course support in the didactic and clinical phases of the curriculum.
**Instructional Faculty**

Individuals providing instruction or supervision during the didactic and/or clinical phases of the program, regardless of length of time of instruction, faculty status or rank.

**PAS Faculty Administration**

In addition, some PAS principal faculty have faculty administrative roles in the PAS program, including the following:

**Program Director**

The Program Director (PD) is responsible for the overall management and direction of the PA Program, including provision of oversight, supervision, and coordination of all employee, staff, and program activities. The PD determines resources available to the faculty and oversees the program budget. The PD provides direction in all aspects of student selection, admission, progress, and evaluation of academic and behavioral matters. The PD identifies and implements requirements for maintaining program accreditation and has responsibility to evaluate the effectiveness of the program staff, employee, curriculum, and improvement efforts.

**Medical Director**

The Medical Director is responsible for assuring didactic and supervised clinical practice experiences meet current practice standards relative to the role of the PA in providing patient care. The Medical Director is involved in developing the program’s mission statement, providing instruction to students, and evaluating student performance. The Medical Director participates in designing, implementing, coordinating, and evaluating the curriculum and program.

**Associate Program Director**

The Associate Program Director (APD) works closely in collaboration with the PD. The APD is responsible for oversight of implementation and documentation of ongoing processes related to self-assessment in accordance with the ARC-PA standards and works closely with the Program Enhancement Committee (PEC). The APD develops and implements methods for evaluating and tracking student progress. This responsibility includes but is not limited to ensuring student advising is timely and appropriate, tracking student performance on PACKRAT and PANCE, and developing strategies for improvement in these areas. The APD will serve as a committee member of the curriculum committee, Program Enhancement Committee (PEC), and chairs the Student Performance Committee (SPC) and PA Studies Accreditation Committee (PAS-AC). The APD assumes the duties of the Program Director when the Program Director is out of office or unavailable.
Director of Academic Education
The Director of Academic Education (DAE) is responsible for the didactic semesters of the program. The DAE works with course directors to design, implement, coordinate, schedule, and evaluate educational activities taking place in the didactic phase of the curriculum. The DAE is directly responsible for the scheduling of the didactic courses, course sequencing, and evaluating student performance. The DAE provides oversight and direction to course directors on course content, methods used to deliver course content, and conduct assessment. The DAE will serve as a committee member of the curriculum committee. Major changes are coordinated between the DAE, Curriculum Committee, and the PD. The DAE is responsible to ensure that didactic courses are evaluated by course directors at the end of each semester and tracks the effectiveness of changes made to those courses.

Director of Clinical Education
The Director of Clinical Education (DCE) is responsible for the clinical year of the program. This includes scheduling of Supervised Clinical Practice Experience (SCPE) courses including sequencing and ensuring the availability of clinical sites. The DCE works directly with clinical course directors to implement, coordinate, schedule, and evaluate educational activities taking place in the clinical phase of the curriculum. Major changes are coordinated between the DCE, the Curriculum Committee, and the PD. The DCE is responsible for ensuring that SCPE courses and preceptors are evaluated at the conclusion of courses/rotations and for tracking the effectiveness of changes made. The DCE evaluates effectiveness of preceptors, clinical site coordinators, regional clinical hub coordinators, and clinical project managers.

Course Directors
Course Directors are responsible for planning and delivering instruction within courses, supervising content delivery in the courses, drafting course syllabi, and gaining approval of course syllabi from the PA Curriculum Committee. Course Directors are expected to plan how courses are delivered and to recruit additional faculty and guest speakers who will assist them in meeting the course goals. For SCPEs, Clinical Course Directors monitor students’ logs and time. All course directors are responsible for ensuring that course goals and objectives are defined and fulfilled according to the approved course syllabus. Course Directors are also responsible to ensure that students are accurately and fairly graded in their course(s) according to grading components outlined in the course syllabus. Course Directors are expected to regularly consult with and communicate with the DAE and DCE to ensure expectations related to course delivery and student assessment are met. At the conclusion of each course, the Course Director will evaluate the course and all of its components by using the Post-Course Evaluation. -check on clinical year post course evaluations.
PAS Program Staff Roles and the PAS Office Suite

PAS Program Staff
The administrative staff of the PAS Program help make PAS operations and activities run smoothly. The staff positions include the following.

Business Coordinator
The Business Coordinator provides administrative support to the PAS Program Director (PD) and acts as office manager for the PAS department. This person will work with PAS student officers on budgets and supplies for activities during the didactic and clinical phases of the curriculum.

Administrative Coordinator
The Administrative Coordinator provides administrative support for PAS faculty in didactic courses including scheduling and providing administrative support for course activities and may serves as the administrative coordinator, greeting those that enter the PAS office suite, fielding questions, setting PAS student appointments with PAS faculty, and directing PAS students toward appropriate persons or resources.

Clinical Site Coordinator
The Clinical Site Coordinator works with the Director of Clinical Education (DCE) to build community relationships to establish and maintain clinical education/practicum/rotation sites for the clinical phase of the curriculum. This person will work with PAS students if needed to set up student-identified rotation sites.

Senior Project Coordinator
The Senior Project Coordinator works with the DCE and Clinical Site Coordinator to schedule clinical rotations during the clinical phase of the curriculum. This person will interact with PAS students in assigning clinical rotations.

PAS Office Suite
The PAS program office suite houses the PAS faculty and staff offices and is located on the Interdisciplinary Research and Education Building (IREB) 4th floor.
Assistance
The PAS front office is staffed by an administrative support team member during hours of operation. If front desk staff are unavailable, other staff members are notified of visitors through video monitoring of the front office area. Upon entry, we ask that all PAS students check in at the front desk, and if necessary, wait for assistance.

Submission of PAS Course Assignments in office
When submitting course assignments to the PAS program front office, students are instructed to timestamp their assignments by using the time clock and dropping assignments *face down* into the turn-in box. PAS students are prohibited from looking at other students’ assignments already in the turn-in box. Doing so could constitute a violation of the Student Code of Conduct & Civility (“The Code”). PAS administrative staff are available for assistance when submitting assignments.

Making Appointments with Faculty
Because PAS faculty and course schedules vary, PAS students are best served by making an appointment to speak with faculty as opposed to “dropping in”. To make an appointment with a PAS faculty member, email the faculty member directly or email pastudies@unthsc.edu or call 817-735-2301. Any staff member can make the appointment.

Making Appointments with the Program Director (PD)
Appointments with the PD should be requested through Kim.Williams@UNTHSC.edu or call 817-735-2301.

**Department of Physician Assistant Studies Contact Information**
Department of Physician Assistant Studies
UNT Health Science Center, IREB Building
3430 Camp Bowie Blvd, Fort Worth, TX 76107

Office Hours: 8:00 a.m. to 5:00 p.m. Monday through Friday.

Phone: 817-735-2301
Fax: 817-735-2529
Email: pastudies@UNTHSC.edu
PAS Student Identification

Student ID Badges
HSC will issue each student an ID badge with an embedded microchip which allows access to certain doors as well as parking garages. The PAS program also uses ID badges for identification for proctored exams. Students are required to wear ID badges in a visible location while on campus. Replacement ID badges are available for a fee. Contact Campus Police for a replacement.

PAS Student Name Tags
The PAS program will issue PAS students a magnetic name plate that must be worn on the upper left breast pocket of the student’s white coat at any event where the nametag is necessary (i.e., the student is representing the PA Program or the HSC). During the clinical phase of the curriculum, PAS students are required to wear these nametags, which identifies the wearer as a physician assistant student unless otherwise directed by the individual rotation. Replacement name tags will be available for a fee. To order a replacement, contact PAS Department.

Contact Information/Name Changes
Changes to personal information, including contact information and name changes, are processed by the Office of the Registrar and distributed to the appropriate academic and administrative units of the HSC. It is the student’s responsibility to purchase a new ID badge and name tag if there is a name change.

Background Checks for Students
A background check is required for all PAS Students upon matriculation into the program. This policy is designed to provide a safe environment for the patients and clients at HSC and affiliated training sites. Background checks allow the university to evaluate whether HSC students are qualified, eligible, and possess the character and fitness to participate in off-site programs (i.e., clinical care and/or clinical rotation sites).

For more information, see Physician Assistant Student Involvement in Patient Care Activities.
PAS Program Student Dress Code Policy

White Coat

The University provides a short white coat to students prior to the White Coat Ceremony. The HSC university patch will be provided by the University. The student is responsible for ensuring the patch is sewn onto the upper right side of the coat. The student must always wear their HSC student badge above the upper left pocket of their coat. The student has the option to have their coat embroidered with their name and credentials at the student’s expense. On the upper left side of the coat, the student must have their name on the first line and “Physician Assistant Student” on the second line. If the student desires the addition of pronouns, a third line may be added. The embroidery must be in black thread and Helvetica font. If the student desires an "extra" white coat that they purchase, the embroidery must follow the same guidelines. The additional HSC University patch can be purchased from the University.

Didactic Phase

The PAS program dress code policy for the didactic phase of the curriculum is detailed below.

General Attire

- PAS students are expected to convey a professional appearance and are expected to be neat and clean.
- Unless otherwise instructed by PAS Course Directors or Course Liaisons, PAS students are required to wear solid-colored scrubs in the color assigned to their class cohort to all course activities Monday through Thursday.
- Unless otherwise instructed by PAS Course Directors or Course Liaisons, PAS students may wear either their solid-colored scrubs or PAS program shirts with jeans/khakis on Fridays.
- PAS students may be required to wear their clean white lab coats to specific labs or other official functions.

Skills Lab/OSCE Attire

On days noted in the schedule with “lab attire required,” students should wear the following modest clothing:

- Shorts and a full-length T-shirt/tank top MUST be worn
• Sports bras MUST be worn rather than a regular bra
• PAS students may wear scrubs or T-shirts over the above clothing when they are not serving as the “patient.”
• PAS students may use a gown to drape areas not being examined when acting as the “patient”.
• When appropriate, students must also wear the appropriate safety gear such as goggles, gloves, lab coat, and footwear as approved by the lab supervisor and the HSC Safety Office.
• If a course activity requires a specific attire, follow the course director's instructions for what to wear/not wear.

Violations of PAS Student Dress Code
Students in violation of the dress code may be asked to immediately leave in order to change into appropriate attire.

If a PAS student dress code violation occurs at times of graded activities, no additional time will be given to complete any activity while the student changes to appropriate attire.

Clinical Phase
Information pertaining to dress code in the clinical phase is located in the SCPE Student Handbook.

PAS Program Attendance Procedure
For more information regarding attendance during the didactic and clinical phase, see PAS Attendance Procedure.

Religious Holiday Absences
Requests must be made in writing within the first week of the semester to course directors and the DAE when requesting an absence for a religious holiday. Course activities and materials may be scheduled for an alternate date to ensure student success.
PAS Student Use of Technology in the PAS Program

Laptops
All incoming PAS students receive a university-issued technology package during the HSC Student Orientation, which includes a laptop. The technology package is included in student fees and is owned by the student thereafter. PAS students will use their university-issued laptops daily to access PAS course and program information and to send/receive PAS program communications. HSC issued laptops are required for testing and evaluation in the courses.

It is the responsibility of the PAS student to ensure their HSC issued computer equipment is always in good working order in both the didactic and clinical phases of the curriculum.

Email Use – Official Form of Communication
Email is the official mode of communication on the HSC campus. PAS students will be assigned a university email address during the HSC Student Orientation. All students must have a working university email address. Students must use it for university-related business and check it multiple times daily to maintain current information for PAS program and course information. Use of personal email addresses is not acceptable. Information regarding the PAS program, courses, course assignments, and any changes will be communicated to the PAS students through university email or university learning management system.

E*Value™
E*Value™ is a cloud-based system that the PAS program uses to schedule and track PAS program activities, document student meetings with Faculty, or to document any student issues. Information about E*Value™ will be distributed at the HSC Student Orientation. PAS students will use E*Value™ to access semester calendars and course schedules, to maintain resume information, and upload certifications. PAS students in the clinical phase of the curriculum will use E*Value™ to log patient encounters and hours worked in clinical rotations.

For more information regarding E*Value™, email: pastudies@UNTHSC.edu.

Canvas™
Canvas™ is a learning management system free to all HSC students. The PAS program requires that all PAS students become familiar with Canvas™ technical requirements, features, and other information needed to have a successful online learning experience.
Each PAS course will have its own Canvas™ course that contains the course syllabus, lecture information, handouts, assignments, quizzes, grading, assessment rubrics, assignment dates, and other elements critical to the course. Canvas notifications are used for communication with students during their course and must be enabled by the student.

**Artificial Intelligence**
Per the Student Code of Conduct & Civility (“The Code”), “use of any unauthorized assistance in academic and professional assessments (e.g. board exams, end of rotation exams, certification exams, etc.), including graded or ungraded coursework, research, quizzes, tests or examinations” is prohibited. As such, the use of an artificial intelligence (AI) generator such as ChatGPT, iA Writer, MidJourney, DALL-E, etc. is explicitly prohibited *unless otherwise noted by the instructor*. The information derived from these tools is based on previously published materials. Therefore, using these tools without proper citation constitutes plagiarism. Additionally, be aware that the information derived from these tools is often inaccurate or incomplete. It’s imperative that all work submitted should be your own. Any assignment that is found to have been plagiarized or to have used unauthorized AI tools may receive a zero and/or be reported for academic misconduct.”

**IT Helpdesk and Client Services**
The HSC Helpdesk has desktop and peripheral support and routes service requests to ITS departments as appropriate. Students may access The Helpdesk by phone 817-735-2192.

For more information regarding IT and Helpdesk, see their website linked here: UNTHSC ITS

**PAS Student Use of Electronic Devices During Class Time**
Computers and similar devices (e.g., notebooks, iPads, smartphones, etc.) may be used in class for class-related activities as determined by the PAS Course Director or Liaison.

Using the computer for non-course-related activities during class time including, but not limited to web surfing, playing games, texting, instant messaging, shopping, and social media, is unprofessional and distracting.

Audio or visual recording is not permitted without the prior approval of the PAS Course Director or Liaison or individual lecturer.

Cell phones must be turned off or placed on “silent” mode during PAS course activities. If a PAS student anticipates the need to take a call during class time, it is advised to notify the lecturer prior to the start of class and sit in the back of the class to minimize classroom disruption.
PAS Program Course Set Up

PAS Course Registration
PAS students do not need to manually register for courses; this is performed at the program level with the registrar.

PAS Course Scheduling
All PAS students within an incoming PAS class cohort will attend all PAS courses at the same time and in the same order.

Didactic Phase
PAS course activities during the didactic phase of the curriculum are conducted Monday through Friday during normal business hours, which are 8 a.m. to 5 p.m.

Daily schedules vary by courses, but typically PAS students have one course in the morning and one in the afternoon.

With rare exception, all PAS courses in the didactic phase are conducted on the HSC campus.
PAS students are required to be available Monday through Friday from 8 a.m. to 5 p.m. for PAS program activities, even if PAS activities were not originally scheduled.

Housing and Transportation
PAS students are solely responsible for securing housing and transportation for all PAS course activities, including course activities during the clinical phase of the curriculum. The PAS program and/or HSC are NOT responsible to locate or pay any portion of student housing or transportation during on-campus or off-campus educational activities.

PAS Course Syllabi
Academic standards for successful completion of each PAS course are contained in the course syllabi. Each PAS course syllabus will specify all of the course requirements, including academic assignments, evaluation and grading schemes, and schedule of course activities.

Modifications to PAS course requirements, grading schemes, and schedules may be made when the PAS program deems changes are necessary to improve instruction or to conform to scholastic regulations of the department, school, or university.
PAS students are required to read thoroughly each PAS course syllabus prior to beginning the respective course and to consult the syllabus during the course for all course-related questions.

PAS course syllabi can be found online in the appropriate PAS Canvas™ Course.

**PAS Course Textbooks and Equipment**

Specific textbooks and equipment required for a PAS course will be identified in the PAS course syllabus. Most textbooks and equipment are already included in PAS course fees. *Any questions about course-related textbooks or equipment should be directed to the PAS Course Director or Liaison.*

PAS students are expected to read any required textbooks and are encouraged to read any recommended textbooks to ensure that they have the knowledge needed to be successful in the course.

PAS students should read the manuals that come with the equipment to learn basic functioning, such as how to properly insert the ear buds of the stethoscope, “turn on” the bell or diaphragm of the stethoscope or turn on and dim or brighten the otoscope/ophthalmoscope). In addition, equipment with batteries should be charged prior to use (i.e., prior to class). Students should contact equipment manufacturer for replacement parts.

**PAS Program Course Activities**

**PAS Course Content Dissemination**

Course content dissemination is at the discretion of the course director and may occur in a variety of modalities as outlined in the course syllabus.

**PAS Course Assessment**

Course assessments are determined by the course director and may occur in a variety of modalities. Check the course syllabus for details on assessments for that course.

**PAS Course Evaluation**
Following each course, a Course and Faculty Evaluation will be provided for the purpose of providing constructive feedback. For information on the HSC procedures for the collection and use of student evaluations of courses and instructors, see the University Procedure: Course and Instructor Evaluation, P7.xxx-1 on UNTHSC Policy Tech Website.

**PAS Program Exam Policies and Procedures**
Students are required to comply with TES exam procedures and policies and PAS policies.

Written exams may be administered on paper, Scantron, or electronically. Electronic exams require the use of an HSC issued computer equipped with Examplify™ software. PAS students will be instructed about how to download and use Examplify™ during the HSC Student Orientation.

PAS students must have a student identification badge with them at all times in order to be admitted to and remain in testing areas. All on-campus PAs exams are proctored. PAS students must comply with test proctor directions. If there is a discrepancy between test proctor directions and student expectations during the exam, the student is to follow test proctor directions and address the issue later with the PAS Course Director or Liaison.

A PAS student who arrives late will be allowed to take the examination (with no extra time allowed) provided no other student has already turned in an exam. If a student is late to a test there may be a penalty of 10% off their final test grade.

PAS students arriving after the first examination has been turned in will have to contact the PAS Course Director or Liaison to discuss the potential for a make-up exam.

PAS student tardiness to and/or unexcused absence from OSCEs typically cannot be made up.

**No Reproduction or Distribution of Exam Items or Content**
Any reproduction or distribution of exam content will constitute a violation of the Student Code of Conduct & Civility (“The Code”) and will result in disciplinary proceedings.

**Exam Feedback**
Exam grades are posted in the gradebook on Canvas. Students will also receive a “Strengths and Opportunities Report” for all Examplify™ administered exams.
The PAS Student Performance Committee (PAS-SPC)
The PAS-SPC is composed of faculty from around the HSC campus. These dedicated faculty members monitor student academic performance throughout the learner's academic enrollment in the PA program. Using a proactive approach, the PAS-SPC uses referrals and contacts with the Student Center, CARE Team, and other campus resources to help improve learner performance. Students may be referred to the PAS-SPC by faculty, staff, or may self-refer.

PAS Student Appeals

Grade Appeals
For more information, see Physician Assistant Grade Appeals Procedure and the UNTHSC Student Affairs Policy Manual.

Failing Course Grade
If a PAS student fails a PAS course, the student will appear before the PAS-SPC.

Appeal of Dismissal
If a PAS student is dismissed from the PAS program, the student can file an appeal with the Dean of the School of Health Professions within 5 business days of the decision by the PAS Program Director.

For information, see Physician Assistant Promotion, Probation, Dismissal Procedure Manual & SHP Dismissal Appeal Process in appendix

PAS Student Options for Leave of Absence and Withdrawal

Leave of Absence
Students enrolled in academic programs within the School of Health Professions are permitted to request leave of absence due to a medical condition or for personal reasons. Leave of absence for personal reasons cannot be granted if the student is not in good standing at the time the request is made.
For more information, see Physician Assistant Leave of Absence Procedure & SHP LOA process in Appendix

**Withdrawal and Absence due to Military Service**
Active-duty withdrawal and excused absence policy is located under policies: Withdrawal for Active Military Service and Military Leave of Absence.

**PAS Student Academic Resources**
Students may self-refer to any academic service and may contact their advisor for additional resources.

**Center for Academic Performance (CAP)**
The Center for Academic Performance offers services designed to enhance any and all levels of academic performance through academic consultations, learning assessments, and self-management. Consultation with CAP can be self-initiated. CAP offers the following to all HSC students: academic counseling, learning and study strategy assessment, writing support, tutoring, and workshops. CAP Contact Information:
Center for Academic Performance
Hours of operation: Monday – Friday 8am – 5 pm Phone 817-735-2531
Fax: 817-735-0263
CAP@UNTHSC.edu

Resources to Augment Learning
- CAP [https://www.unthsc.edu/center-for-academic-performance/](https://www.unthsc.edu/center-for-academic-performance/)
- Library [https://library.unthsc.edu/](https://library.unthsc.edu/)

**PAS Student Communication and Professionalism**
PAS students concerned about their performance need to communicate those concerns with the course director and/or their academic advisor. Students may also contact academic support resources previously mentioned in the handbook.

An email to PAS faculty is usually answered within 2 business days. Holidays, emergencies, and special events may increase the expected response time.
Faculty contact hours are outlined in each course syllabus.

PAS students are expected to respond promptly and respectfully to emails sent by PAS faculty and staff members. Students are encouraged to extend professional courtesy by acknowledging responses to requests and questions.

It is good practice to re-read an email prior to sending and avoid sending emails when frustrated or upset. Writing in all capitals can often be interpreted as ‘yelling’ and should also be avoided.

It is important that PAS students maintain professionalism in all personal, classroom, and laboratory interactions with PAS faculty, staff, and students.

Other PAS Student Resources

SCHOOL OF HEALTH PROFESSIONS STUDENT SUCCESS FUND. The School of Health Professions (SHP) Student Success Fund was established to support students as a relief fund available for those who encounter an unforeseen event that requires immediate financial assistance in order to continue their semester successfully. In the event of a verified short-term crisis outside of the student’s control that impacts their financial wellness and personal wellbeing, the student can apply for assistance from the fund, if relief is not available from Student Services. The student will need to request the application from the department chair and then return the completed application to the department chair via email. The student should include supporting documentation proving the crisis such as photos, doctor’s notes, insurance claims, leasing agreement, bills, or invoices for payments to be made. The student should redact any specific medical information related to diagnosis or treatment. The student’s application will be reviewed by the SHP Academic and Business Director who will make a recommendation to the SHP Executive Team for the final award decision. If the student’s application is denied, they will be notified via email and given information on additional resources that could potentially provide emergency assistance. Examples of covered expenses include those that immediately serve the student’s needs, and include items such as rent, groceries, utility bills, safety needs, medical care expenses, or other as approved.
PAS Student Organizations

Registered Student Organizations (RSOs) will be at the Welcome Week Fair each year. Information on the Welcome Week fair will be given during orientation. It is usually the week before the White Coat Ceremony.

All student organization T-shirt or other designs must be approved by the faculty director of the organization and the UNTHSC Office of Marketing and Communication, per their guidelines.

A listing and additional information of student organizations can be found at https://www.HSC.edu/students/student-development/registered-student-organizations/.

Physician Assistant Student Association (PASA)
The Physician Assistant Student Association is a registered student society with SAAPA, the Student Association of the American Academy of Physician Assistants (AAPA). PASA aims to encourage academic achievement and clinical excellence and promote PAs as members of the health care delivery team. All current HSC PA students are full and equal members of PASA. PASA Student Council includes PASA Executive Board, State and National student representatives and class officer positions.

Students interested in running for an elected officer position must meet the following eligibility requirements:

- Active student members of both AAPA and TAPA
- No academic probation
- No professionalism infractions

Elections are held at different times depending on the elected office. The Class Officers shall take office immediately upon their election and hold office until graduation. The PASA Executive Board and State and National Representatives shall take office in the January following their election and shall hold office for one year.

PAS Class Officers
Students may run for class officer positions during the first year. Class officer positions include President, Vice President, Secretary, Treasurer, PASA Representative, Activity Chair, and Honor Code Representative. Elections are conducted through PASA, with positions being re-elected in the spring of the second year. Students on academic probation are not eligible to hold office in sanctioned student groups and are expected to resign from any elected or appointed positions held.

**PA Clinical Organization (PACO)**
The Physician Assistant Clinical Organization seeks to represent and educate those interested in various specialties through physician/PA presentations, skill workshops, and provide opportunities to explore various clinical fields. All current HSC PA students are open to join PACO. All PACO members must pay a one-time fee at the time they join. Students interested in running for an elected officer position (i.e., President, Vice President, Secretary, Treasurer) must meet the following eligibility requirements: No academic probation & no professionalism infractions

All elected office positions have a term of office of one year but are eligible for re-election.

**PA Student Professional Organizations**
Student Academy/AAPA
The American Academy of PAs (AAPA) is the national professional society for PAs in the United States. PASA is a chapter of the Student Academy of AAPA. In order to participate in AAPA activities and sponsored events, PASA is required to have 75% of the three PAS classes as paid members of AAPA. The fee for joining as a student covers all membership dues until graduation. For more information on AAPA and
the Student Academy, see the following websites: http://www.aapa.org/ or http://www.aapa.org/student-academy. Attending the AAPA conferences is not automatically considered an excused absence so request permission to attend from PAS Course Directors or Liaisons.

TAPA
The Texas Academy of Physician Assistants (TAPA) is the state professional society for PAs. Students are encouraged to join, and the one-time Student Membership fee is $25. Following graduation, special Membership Upgrade rates through TAPA are available for the first six months post-graduation. Students are encouraged to attend the TAPA conference where students are allowed to participate in Challenge Bowl. For more information: https://www.tapa.org/amsimis/. Attending the TAPA conferences is not automatically considered an excused absence so request permission to attend from PAS Course Directors or Liaisons.

Student Success Scholarships
When funding is available, the department may sponsor scholarships for attendance to professional meetings and activities as well as membership in professional organizations such as the American Academy of Physician Associates (AAPA) and the Texas Academy of Physician Assistants (TAPA).

PAS Student Extracurricular Activities

HSC Student Programs and Events
For more information of what Student Development has to offer, go to https://www.HSC.edu/students/student-development/.

All student organization T-shirt or other designs must be approved by the faculty director of the organization and the UNTHSC Office of Marketing and Communication, per their guidelines.

PA Week
PA Week is held every year in early October nationally. This week is dedicated to PAs and helps promote the PA profession and the value of PAs to our community.

Mission Trips
During Spring Break, a variety of local and student groups may sponsor medical mission trips abroad. This is not at HSC or PAS program sponsored event. Students are not required to be a CMA member in order to participate in the medical mission trip. Meetings for the medical mission trip typically begin in early fall, and space is limited. Cost per student depends on the location and duration of the trip.
**PA Didactic Achievement Banquet**
Second year PA classes often host a celebration for their transition to the clinical year. This event is attended, sponsored, and planned by the second year PA students.

**PAS Career Fair**
This is an annual event for the third-year PAS students in which employers and recruiters of Physician Assistants from around the state of Texas come to campus to meet with prospective applicants.

**PAS Student Promotion Activities**

**PAS Graduation Banquet**
This annual banquet honors the graduating class. It is held for the graduating class prior to annual commencement. PAS Program academic awards are given at the banquet, which is jointly planned between the PAS program and the senior class banquet committee.

**PAS Graduation/Commencement**
The commencement ceremony takes place in May and honors graduates of the HSC. Distinguished guests, speakers, family members and friends are invited to join in celebration of our students’ hard work and achievements as they prepare to begin the next chapter in their professional lives. PAS students are encouraged dress in business or formal attire and official regalia to attend the graduation ceremony.

**White Coat Ceremony**
Shortly after matriculation into the program, students will participate in the White Coat Ceremony. The University provides a short white coat to students prior to the white coat ceremony. This ceremony is a tradition symbolizing the transition into being a member of the healthcare profession. For more information regarding the white coat dress code, go to the Didactic Student Handbook section labeled “White Coat” in the PAS Program Student Dress Code Policy.
PAS Student Academic Awards and Honors

Overview
In addition to conferring MPAS degree diplomas, the HSC and PAS Program are proud to recognize student excellence during the PAS graduation banquet and at graduation. Students who have been on academic probation or committed a violation of the Student Code of Conduct & Civility (“The Code”) are not eligible for PAS honors and awards.

Clinical Phase Honors SCPES
More information on Honors SCPES can be found in the Files section of the Canvas Announcements Page. This page also provides a Mediasite video outlining an overview of the clinical year.

Dean’s List
The Dean’s List is established to recognize academic excellence when the student achieves a semester grade point average of 3.51 or greater for a semester in the didactic phase of the curriculum. (Dean’s List recognition is not awarded in the clinical phase of the curriculum).

Graduation Honors
Students may be awarded “Honors” upon graduation if their overall grade point average is greater than 3.51 on a 4.0 scale. No more than 20% of a single PA graduating class will be awarded “Honors” at graduation.

Special Awards at Graduation
Other special awards may be utilized by the PAS program to recognize exceptional academic, clinical, and leadership performance by a student. Special awards are not annotated on the student’s official transcript.

Pi Alpha Honor Society
HSC PAS program has a chapter of the Pi Alpha Honor Society. The Pi Alpha Honor Society is sponsored by the Physician Assistant Education Association (PAEA) and promotes and recognizes significant academic achievement, leadership, research, community/professional service, and the encouragement of a high standard of character and conduct among physician assistants (PA) students and graduates. In order to be inducted into the Pi Alpha Honor Society students must have a minimum GPA of 3.5 on a 4.0 scale and demonstrate excellence in research, publishing, community/professional service, or leadership activities. Only 15% of the graduating class can be inducted into the Pi Alpha Honor Society. Inductees are chosen by the faculty and receive a letter, certificate of membership, pin, and Pi Alpha Honor Society cords,
which may be worn with their academic regalia.

HSC Campus Safety Information

Emergency Preparedness
Incidents of crime and other serious emergencies which occur on campus requiring immediate assistance should be reported to the HSC Campus Police 817-735-2600 when on campus. Off-campus emergencies should be reported and called in to 911. Reports can be made on a confidential basis. Off-campus emergencies should be reported according to community standards with use of 911 as appropriate.

Emergency Plan for Building
In the event of an emergency, students are advised to exit the building using the stairwells. Students should exit to the parking lot and move past the first two rows of parking to await further instruction. PA Studies Safety Liaison and can be reached at 817-735-2301.

Inclement Weather Advisory
Campus facilities will close, and operations will be suspended when adverse weather conditions and/or safety hazards exist on the HSC property as the result of such weather. Students will be notified of any campus warnings or closures via email.

For more information, see Policy 04.107 at https://app.HSC.edu/policies/Home/AllPolicies. For more information on evacuation plans, see UNTHSC Evac/Shelter Plans.

Fire Drills
Fire drills are conducted on a scheduled basis for all buildings in which patient care is performed. Students on rotation in clinics should become familiar with clinic-specific fire plans and be prepared to perform assigned tasks, if any, during drills or should a real fire occur.

For more information, see https://www.HSC.edu/safety/emergency-management/fire

Stop the Bleed Campaign
The American College of Surgeons Committee on Trauma is leading the effort to save lives by teaching the civilian population to provide vital initial response to stop uncontrolled bleeding in emergency situations. This was accomplished by the development of a comprehensive
and sustainable bleeding control education and information program targeted to civilians that will inform, educate and empower the 300+ million citizens of the United States. The University of North Texas Health Science Center has adopted the Stop the Bleed course as its platform to train all students and university employees to immediately assist victims of active shooter and other intentional mass casualty events at the point of wounding. Students of the Master of Physician Assistant Studies will be individually trained on the use of the medical equipment in the medical kits prepositioned throughout the campus. More information on the Stop the Bleed Campaign can be found at the following link: www.bleedingcontrol.org

Hazardous Exposures

Prevention of Hazardous Exposures

Students are educated throughout the curriculum on methods of prevention for hazardous exposures in healthcare such as use of universal precautions and sharps safety. Students have completed course content and obtained certificates in the following areas to prevent exposures: PPE, Fit Testing for N95 Masks, Blood Borne Pathogens, Infection Control Sharps Safety, Sterile Technique, Proper Scrub Procedures.

In addition, students have attested to the health and technical standards which outlines environmental exposures. The Health and Technical standards state the following:

*Candidates should be able to function in educational and healthcare settings with potential exposure to chemicals, gases, biohazards and environmental allergens that may be normally present in those settings. In those settings that require exposure to biohazards and/or chemicals, OSHA exposure limits and standards must be followed, including ability to use appropriate PPE.*

Methods of Prevention

Injuries
- Wear appropriate attire: closed-toe shoes, non-slip footwear, clothing that fits appropriately (not too loose or tight), eye-wear that does not slip/fall from face.
- Notify appropriate personnel for spills or debris on walkways.
- Perform lifts and patient transfers only if specifically trained to do so.

*Universal Precautions*
• Cover any open wounds/lesions.
• Use barrier protection at all times.
• Use gloves for protection when working with or around blood and body fluids.
• Change glove between patients.
• Use glasses, goggles, masks, shields, and waterproof gowns/aprons to protect face from splashes.
• Wash hands if contaminated and after removing gloves.
• Use resuscitation equipment and devices for mouth-to-mouth resuscitation.
• Minimize spills and spatters; use leak-proof containers.
• Decontaminate all surfaces and devices after use.
• Promptly seek medical attention and counseling if exposed to contaminated materials.

**Sharps Safety**

• Plan safe handling and disposal before any procedure.
• Use safe and effective needle alternatives when available.
• Choose safe sharps that are engineered with injury protection (i.e. retractable needles, blunt suture needles, safety scalpels, needleless blood transfer equipment).
• Always activate the device’s safety features.
• Do not recap, shear, or break contaminated needles.
• Wear goggles/face shield and double gloves when using sharps.
• Do not pass used needles between workers.
• Do not leave sharps out where they may injure others.
• Immediately dispose of contaminated needles in in properly secured, puncture-resistant, closable, leak-proof, labeled sharps containers.
• Never place your hand in a sharps container.

**Hazardous Exposures**

In the event of a hazardous exposure (needle stick injury, body fluid splash, etc.), students are advised to seek immediate medical treatment. Students should follow the steps below and report the incident so that prophylactic measures can be instituted. Students should not delay treatment until after completing a class, shift, or a surgery. Proper management and reporting should begin immediately. It is critical to receive treatment within the first two hours after injury. More info linked here: [https://www.unthsc.edu/safety/occupational-health-services/](https://www.unthsc.edu/safety/occupational-health-services/)
Students should follow the guidelines below:

On Campus Exposure
1) Wash the area with soap and water or flush with large amounts of water for the eyes and mouth.
2) Notify course director.
3) Keep the source of blood at the site so blood can be drawn.
4) Contact and seek care at the Student Health or Priority Care Clinic
5) Three (3) red top vials of blood should be collected from the source.

Off Campus Exposure
1) Wash the area with soap and water and flush with large amounts of water for the eyes and mouth.
2) Notify supervisor or course director immediately.
3) Keep source of blood at the site so blood can be drawn.
4) Contact and seek care at the closest source of care-Student Health, Harris Occupational Health or nearest ER.
5) Three (3) red top vials of blood should be collected from the source.

When the injury occurs outside of the Tarrant County area, students should ALWAYS follow the clinical or hospital site infectious disease procedures and later report to Student Health or Harris Occupational Health Clinic.

**Incident Report**
An incident report should be completed. Students in the didactic phase of education should request an incident report from their course director and submit to the HSC Director of Safety and their course director. The HSC Director of Safety can be reached at 817-735-2697.

**Billing**
If the student is unable to go to Student Health or Harris Occupational Health Clinic, the student should submit their own insurance. The institution takes financial responsibility for all hazardous exposures. Any bills received thereafter should be forwarded to:

Janet Brandenburgh

HSC Student Health

Student Healthcare and Insurance
All students are required to have health insurance in order to be in compliance with HSC Policy. A school-sponsored Student Injury and Sickness Insurance Plan is provided through United Healthcare Student Resources: www.uhcsr.com or 1-866-429-4868. Information on specific policies is available in the Office of Student Affairs: 817-735-2341. The student is responsible for (1) the choice of the specific insurance policy; (2) payment of all healthcare costs, including the premium, as determined by the specific health insurance plan chosen; and (3) following the rules, regulations, and guidelines of their chosen plan. Student healthcare is available to all students at the HSC Student Health Clinic located at 855 Montgomery Street. The CVS Minute clinic adjacent to campus also accepts the student health insurance. All students, regardless of their health plan coverage, may access nursing advice and health information 24 hours a day, 7 days a week by dialing 1-877-440-0549.

Faculty, staff, and all PA program employees do not have access to student medical records and cannot give medical advice or care to students or act as their healthcare provider (except in a medical emergency).
Immunizations and Health Screening Requirements
All students are required to have vaccinations consistent with current CDC recommended vaccines for health professionals, state of Texas recommendations, and HSC policies. HSC requires all students to comply with immunization and health screening requirements in order to protect the campus community and patients, from illness and disease. Immunizations are submitted to and maintained by the Certiphi™ database. See Clinical Handbook for more information.

Office of Care and Civility
Student Assistance Program (SAP)
HSC offers free in-person counseling to students through the WellConnect™ Program. Students can contact WellConnect™ at 866-640-4777. Additionally, students may contact Student Affairs at 817-735-2505 and on-campus counseling services at 817-735-5159. The Well Connect counseling hotline is available for students 24 hours, 7-days a week by calling 866-640-4777. The National Suicide Hotline is also available to students who feel they are in a crisis, whether or not they are thinking about suicide, 24 hours a day, 7-days a week at 1-800-273-TALK (8255).

For more information, see https://www.HSC.edu/wellness-services/resources/for-students/.  

Substance Abuse and Self-Reporting
HSC strongly encourages student with substance abuse problems to seek treatment before critical incidents (e.g., arrests, usage on campus property, or intoxication in the classroom or during clinical assignments) occur.

For more information, see: https://www.HSC.edu/wellness-services/resources/for-students/

Zero Tolerance for Sexual Violence and Harassment
It is the policy of HSC to maintain a workplace and a learning environment free of sexual harassment and intimidation. Harassment of students is a violation of Section 106.31 of Title IX of the Education Amendment of 1972. Harassment of employees is a violation of Section 703 of Title VII of the Civil Rights Act of 1964 and the Texas Commission on Human Rights Act. Sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature constitute sexual harassment. Any sexual harassment incidents should be reported immediately to the Office of Student Affairs or the Equal Employment Opportunity Office.
HSC Student Services

Student Affairs
Student Affairs oversees issues that are relevant to all students from pre-enrollment through graduation. Student Affairs provides co-curricular and extra-curricular services, programs, and activities to facilitate students' academic training, personal growth, and professional development.

For more information, see https://www.HSC.edu/students/student-affairs/.

Gibson D. Lewis Library
An active ID badge is required for entry into the library.

For more information on the Lewis Library, go to UNTHSC LIBRARY

Founders’ Activity Center (FAC)
The FAC is an on-campus fitness center that houses a variety of equipment and offers a wide range of group fitness classes.

For more information, go to https://www.HSC.edu/wellness-services/recreation/; call 817-735-2209, or email recreation@UNTHSC.edu.

Printing, Scanning, and Copying
The PAS Program does not provide printing, scanning, or copying services for students. Go to http://library.hsc.unt.edu/content/printing-copying-and-scanning to find a current listing of all locations and equipment students may use on campus. Information on Pharos, the print management system used at HSC, is also located at this link. For questions, students may contact the Library Service Desk at 817-735-2465 or by email at askalibrarian@UNTHSC.edu.

Use of HSC Logo
To obtain the logo, approval of use, or with questions on brand use, students may contact the Office of Marketing and Communications 817-735-5149. The HSC Marketing and Identity Guide can be found at https://www.HSC.edu/outreach/marketing-and-communications-2/graphics-and-branding/.
Per the UNTHSC Office of Marketing and Communication guidelines, all student organization T-shirt or other designs must be approved by the faculty director of the organization and the UNTHSC Office of Marketing and Communication.

**Student Veterans Information**
Veteran and military-specific resources and opportunities are available at HSC. More information about opportunities to learn about these resources is provided prior to new student orientation or at [https://www.HSC.edu/students/registrar/veterans-benefits/](https://www.HSC.edu/students/registrar/veterans-benefits/).

**Transportation**
HSC offers discounts to its employees and students for bus and train fares, as well as on the Bike Share program, to its employees and students. Further information can be found at [https://www.HSC.edu/operations/sustainability/transportation/](https://www.HSC.edu/operations/sustainability/transportation/).

**Parking**
In order to park a vehicle on campus, students must obtain a parking permit. These permits must be renewed annually on September 1st.

For more information, go to [https://www.HSC.edu/police/parking-office/visitor-information/parking-permits/](https://www.HSC.edu/police/parking-office/visitor-information/parking-permits/).

**Lost and Found**
HSC has central lost and found locations in the HSC Police Department and the Lewis Library. If any lost items of PAS students are found by PAS students, those can be brought to the PAS office suite. At all three locations, inquire at the front desk.

**Lockers**
During the didactic phase of the curriculum, the PAS program assigns each PAS student a locker. Once promoted to the clinical phase of the curriculum, that locker must be cleared out. For on-campus days during the clinical phase (PASS days), there are a limited number of day-use lockers available outside of the PAS program offices. These lockers are first-come first-serve and must be emptied at the end of PASS day. Students also have the option of obtaining a locker through Student Affairs; however, this locker could be anywhere on campus. If students need the lock cut off because of a lost key or forgotten combination, he/she may email PASStudies@UNTHSC.edu. The PAS program accepts no liability for contents within lockers.

**Campus Map**
The layout of campus and most of these services can be located on the campus map found at [https://www.HSC.edu/campusmap/](https://www.HSC.edu/campusmap/)

UNTHSC at Fort Worth
Physician Assistant Studies Program

Effective Date: April 01, 2020
Revision Date(s): February 01, 2022
Reviewed Date(s): July 01, 2022
This manual contains the key procedures for **Physician Assistant Studies Program**.

This procedure manual is provided to maintain equitable and efficient operations and to reflect best practices. The goal of this manual is to have one document to reference procedures in relation to HSC policies. This manual will be updated on a regular basis.
Procedure No. 1: Physician Assistant Deceleration Procedure

Procedure Statement
The Physician Assistant Studies Program does not allow for deceleration of students from one cohort to another.

Reason for Procedure
The purpose of this procedure is to state the Physician Assistant Studies Program’s stance on deceleration of students within the program.

Area of Responsibility
The University of North Texas Health Science Center at Fort Worth Physician Assistant Studies Program

Procedure Details
The Physician Assistant Studies Program does not allow for deceleration of students within the PA Program.

Related Policies and References
Physician Assistant Promotions, Probation, and Dismissal Procedure Manual
Physician Assistant Remediation Procedure

Definitions
Deceleration: “Deceleration” is defined as the loss of a student from the entering cohort, who remains matriculated in the Physician Assistant Studies Program.

Online Forms
None
Procedure No. 2: Physician Assistant Course Remediation

Procedure Statement

Students enrolled in the Physician Assistant Studies (PAS) Program must meet the academic and professional standards established by the PAS Program in order to progress through the didactic and clinical phases of the program. Physician Assistant Studies (PAS) students who fail a course in the didactic or clinic phase of training, must successfully remediate the failed course and otherwise remain eligible to continue in the PAS Program.

A PAS student who successfully remediates a failed course in the didactic phase will be placed on academic probation. Any PAS student who unsuccessfully remediates a failed course is subject to dismissal. Students enrolled in the PAS Program are allowed one remediation attempt for the didactic phase and one remediation attempt for the clinical phase.

Reason for Procedure

The purpose of this procedure is to provide guidelines on remediation after course failure for all students enrolled in the PAS Program.

Procedure Details
1. Any PAS student receiving a failing grade for a course and who does not meet other criteria for dismissal must remedy that grade to passing or be subject to dismissal from the PAS Program.
   a. A PAS student may fail a didactic or clinical course for reasons including, but not limited to, failed academic progress, professionalism violation, or poor course attendance as defined in the syllabus and/or the UNTHSC Student Code of Conduct and Civility.
   b. Failing grades on tests, OSCES, and other evaluations within a course may be remediated under the direction of the course director.
2. The Course Director will establish a remediation plan and timeline with guidance from the PASPC, DAE or DCE.
   a. The PASPC will assist the Course Director in the identification of resources to improve student academic and/or professional performance. The PASPC will also monitor student progress during the remediation process.
   b. A remediation plan may include, but is not limited to:
      i. Reading assignments
      ii. Written completion of instructional objectives developed to target deficiencies identified during review of failed exam
      iii. Written response to selected exam items with reference citations
      iv. Written self-reflection exercise
      v. Individual faculty-led tutoring (especially skills related deficiencies)
      vi. Additional clinical practice experience that may require repeating an entire rotation
      vii. Simulation training or work with Standardized patients
      viii. Assignment of additional practice questions from an outside source (i.e. ExamMaster™)
3. The remediation of a failing course grade will be assessed by a method equivalent to course assessments failed by the student (i.e. administration of a comprehensive equivalency examination, OSCE, repeating a clinical practicum, etc.).
4. A PAS student can only remediate one course failure in the didactic phase and one course failure in the clinical phase.
5. Potential violations of the UNTHSC Student Code of Conduct and Civility (“The Code”) will be referred to the Student Affairs Office, and if found in violation may receive a failing grade that is subject to remediation.
6. A PAS student who is required to remediate a failed didactic course will be placed on academic probation.
7. Successful course remediation will result in a grade of “C” for a graded course and “Pass” for a Pass/No Pass course.
8. A PAS student who does not successfully remediate a failed didactic or clinical practicum will be subject to dismissal.
9. Students who do not complete a remediation plan by the assigned due date are subject to dismissal.

The student’s official transcript will reflect the outcome of remediation to include the failed grade, the passing grade due to remediation, and their academic probation status. Only the remediated grade will be reflected in the GPA calculation.

Physician Assistant Promotion, Probation, and Dismissal Procedure Manual
UNTHSC Student Code of Conduct and Civility (“The Code”)

Definitions

1. Academic Probation. “Academic probation” serves as notice to the student that their continued enrollment is in jeopardy.
2. Remediation. “Remediation” refers to activities designed to remedy a failed course grade due to academic or professional violation.
3. Successful course remediation. “Successful remediation” means completion of all assigned remediation activities within the established timeline and achieving a passing grade on reassessment. Successful remediation of a failed didactic or clinical course will result in a grade of “C” for a graded course and a “Pass” for a Pass/No Pass course.
4. Unsuccessful course remediation. “Unsuccessful remediation” means either failure to complete all assigned remediation activities within the established timeline or achieving a failing score on reassessment.

Procedure No. 3: Physician Assistant Applicant Screening

Procedure Statement

The program shall use screening processes designed to identify competitive applicants who meet minimum admission standards and who demonstrate the highest aptitude for success in the curriculum.

Reason for Procedure

The purpose of this procedure is to specify the process by which students are admitted to the Physician Assistant Studies Program at The University of North Texas Health Science Center at Fort Worth.

Area of Responsibility

<table>

Procedure Details

Applicants for admission to the Physician Assistant Studies Program curriculum shall be screened by an Admissions Committee based on approved admissions standards and in accordance with the HSC Non-discrimination policies.

1. Application for Admission to the Physician Assistant Studies Program. An application for admission to the Physician Assistant Studies Program must include the following to be considered complete and ready for review by the Admissions Committee:
   a. Official transcripts from all institutions previously attended by the applicant. Official transcripts must be submitted in accordance with procedures established by the Centralized Application Services for Physician Assistants (CASPA). Upon enrollment, a newly admitted student must request new official transcripts which must be sent directly to the HSC Fort Worth.
   b. Verification of achievement of all standards of admission including minimum grade point average (GPA).
   c. Full payment of approved application fees.
d. Submission of all required application materials on or prior to posted deadlines. Applications completed after the posted
deckline will not be considered by the Admissions Committee. Application materials will be initially screened by the School of
Health Professions (SHP) Admissions Officer to validate achievement of minimum admission standards and eligibility for
admission.

2. Admissions Process for the Physician Assistant Studies Program. Applicants will be scheduled for an admissions interview based
upon an evaluation of their academic and personal achievement as reflected in the applicant’s complete admission packet. The
Admissions Committee may establish standards for automatic invitation for an admissions interview. Interviews will be structured
to evaluate a candidate’s interpersonal skills, communication skills, and motivation for entry into the Physician Assistant career field.
Applicants who fail to appear for a scheduled admission interview will be denied admission.

3. Applicant Review. Applicants for admission will be reviewed by the PA Studies Admissions Committee, who will ultimately
recommend acceptance or denial of admission to the Physician Assistant Studies Program. Recommendations for admission will be
based on the applicant’s qualification as verified through written materials and the admissions interview. No single or compounded
scores achieved during the application and/or interview process may be used as the sole factor to determine admission; however,
scores may be used to compare candidates. The admissions review process will be complete when, by a majority opinion, the PA
Studies Admissions Committee has agreed upon a final roster of candidates for admission. All admission decisions are subject to final
approval by the Dean or their designee.

4. Admission Decisions. Approved candidates for admission may be admitted on a provisional basis pending completion of remaining
admissions verifications. No applicant will be admitted to the Physician Assistant Studies Program on a probationary basis.

5. Deferred Admission. Students admitted to the Physician Assistant Studies Program may request up to one-year deferral of admission
by submitting a written request to the SHP Admissions Office.
Deferment will be reviewed on a case-by-case and will only be approved in limited, unforeseen circumstances such as:
   a. Work/study/fellowship related activities, unforeseen medical emergencies,
   b. Death of a close relative (e.g. parent, sibling or child), or
   c. Other event of comparable significance. Requests for deferment must be submitted in writing to the SHP Admissions Office.
If approved, the following conditions apply:
   a. The deferment must be used for the purpose stated in the written request.
   b. The student may not seek admission to another program during the period of deferment.
   c. The student may not engage in conduct or activity that would otherwise result in denial of admission.
d. The student will remain able to perform all technical standards. Students will be notified regarding the status of their request for deferment by the SHP Admissions Officer.

History

Revision Date(s): 04/01/2020
Procedure No. 4: Physician Assistant Student PA Awards

Procedure Statement

The Physician Assistant Studies Program encourages student achievement through recognition of exceptional academic and professional performance.

Reason for Procedure

The purpose of this procedure is to establish guidelines for PA Studies Awards which recognize outstanding achievement in the didactic and clinical phases of the program.

Area of Responsibility

Physician Assistant Studies Program

Procedure Details

1. Dean's List: Placement on the Dean's List occurs when a PA student achieves a semester grade point average of 3.51 or greater for a semester that is primarily didactic. Due to the varying experiences during clinical practica, Dean's List recognition is not awarded for clinical practica. A student who has been placed on academic or disciplinary probation for any reason during their enrollment is not eligible for Dean's List recognition.

2. Graduation with Honors: Students may be awarded “Honors” upon graduation if their overall grade point average is greater than or equivalent to 3.51 on a 4.0 scale. No graduate who has failed a course or rotation, or who has not been enrolled as a full-time student, or who has been placed on academic or disciplinary probation during their enrollment can receive a degree with honors. No more than 20% of a single graduating class will be awarded “Honors” at graduation.

3. Outstanding Achievement in Physician Assistant Studies Awards: These awards recognize exceptional academic and clinical performance based on participation in related activities and demonstrated commitment to learning and the PA profession. The Director of PA Studies makes the final determination of these award winners.

4. Pi Alpha: Pi Alpha is the national Physician Assistant honor society organized for the promotion and recognition of both PA students and graduates. Membership signifies the inductees’ significant academic achievement and honors them for their leadership,
research, community/professional service and other related activities. Student membership requires a minimum GPA of 3.5 on a 4.0 scale and demonstrated excellence in research, publishing, community/professional service, or leadership activities.

Procedure No. 5: Physician Assistant Clinical Site Selection

Procedure Statement

The Physician Assistant Studies Program will strive to maintain high quality clinical sites. Prior to the activation of a clinical site, the Clinical Team will assess the site’s abilities to meet the educational and training goals of the course and the number of students that can be assigned in each academic year. Clinical sites that do not meet the minimum educational requirements for PA students shall be removed from the approved list of clinical sites. The PA student is not required or encouraged to arrange, provide, or solicit their own clinical rotation sites.

Reason for Procedure

The purpose of this procedure is to outline the process regarding selecting and maintaining high quality clinical sites in accordance with ARC-PA (Accreditation Review Commission on Education for the Physician Assistant) guidelines for the students enrolled in the clinical phase of The University of North Texas Health Science Center at Fort Worth Physician Assistant Studies Program.

Area of Responsibility

Clinical Team

Procedure Details

1. The Clinical Site Coordinator is responsible for collecting and compiling information on clinical sites. Clinical rotation sites shall be evaluated for overall suitability based upon:
   - Location and type of clinical practice provided.
   - Demographics of the population served.
   - Formal education, training and experience of the physician supervisor/preceptor(s).
   - Preceptor commitment to goals and objectives of the rotation.
   - Preceptor’s knowledge of the Physician Assistant role and profession.
   - Adequacy of physical facilities for teaching and study.
   - Preceptor willingness to participate in instruction and supervision of students.
   - Preceptor willingness to provide written/verbal evaluations of student’s performance.
   - Sufficiency of patients to provide adequate student experiences.
   - The presence of a practicing PA on site as a role model (not a requirement).
2. A record of approved clinical sites will be maintained and updated on an ongoing basis.

3. PA student evaluations of preceptors and sites will be collected and reviewed annually.

Related Policies and References

None

Definitions

1. Director of Clinical Education (DCE). “Director of Clinical Education” is a faculty member who develops, maintains, oversees, and ensures adequacy and appropriateness of all clinical experiences to ensure they are in accordance with ARC-PA standards as well as program outcomes and goals.

2. Senior Administrative Coordinator (SAC). “Senior Administrative Coordinator” is an employee who is a high-level administrator that provides support to the DCE and oversees student rotations.

3. Clinical Site Coordinator (CSC). “Clinical Site Coordinator” is an employee who is responsible for recruiting, scheduling and maintaining clinical education sites.

4. Clinical Site. “Clinical site” is any place where PA Student clinical education occurs that is outside the normal classroom or simulation lab environment.

5. Clinical Team. “Clinical Team” is the departmental team comprised of the DCE, CSC, and SAC.

History

Revision Date(s): 04/01/2020
Procedure No. 6: Physician Assistant Student Employment

Procedure Statement

Students enrolled in the Physician Assistant Studies Program are discouraged from obtaining or maintaining employment while enrolled. Physician Assistant students are expected to give attendance to classes and to clinical practicum assignments priority over employment. Physician Assistant students may not be employed to perform medical or patient care related services at any private or public medical practice, clinic, or institution, during any time in which they are under the sponsorship of the Physician Assistant Studies Program and assigned to that practice, clinic, or institution as a student. If by chance a student is employed at a particular clinic or health care institution for any reason, that student may not be placed at that clinic or institution for any of their clinical practica. Students are not required to work for the PA program.

Reason for Procedure

The purpose of this procedure is to establish guidelines regarding students that are employed during their enrollment in The University of North Texas Health Science Center at Fort Worth Physician Assistant Studies Program.

Area of Responsibility

Physician Assistant Studies Program

Procedure Details

1. Students will not be afforded special consideration due to employment when making clinical practicum assignments.

2. Students who fail to meet the expectations during the didactic or clinical practicum phases of the educational program, due to employment conflicts could lead to dismissal from the program.

3. Students must not substitute for or function as instructional faculty or clinical staff or administrative staff while they are a student in any phase of the PA Program.

Procedure No. 7: Physician Assistant Prerequisite Admission Requirements

Procedure Statement

All enrolled students must have participated in the competitive admissions process. All completed coursework will be considered in the admissions process. Prerequisite requirements cannot be waived. Exceptions are not permitted. Prerequisite coursework and degree requirements must be completed at colleges and universities located within and accredited by regional accrediting agencies in the United States. The minimum amount of semester credit hours may not be waived. All prerequisites’ courses must have been completed with a grade of “C” (2.0 on 4.0 scale), “Pass” or higher. Prerequisite science courses must be designed for science majors. Prerequisite courses cannot be used simultaneously to meet more than one prerequisite.

Reason for Procedure

The purpose of the procedure is to establish the prerequisite admission requirements to The University of North Texas Health Science Center at Fort Worth Physician Assistant Studies Program.

History

Revision Date(s): 04/01/2020
Procedure No. 8: Physician Assistant Involvement in Patient Care Activities

Procedure Statement

Physician Assistant students may not be given responsibility for patient care that exceeds their capabilities as a student, or that violates other legal restrictions. Students may not take the responsibility or place of qualified staff. Involvement in patient care is permitted only when authorized by the preceptor or faculty member. Assigned patient care activities should not exceed the student’s stage of learning or clinical knowledge. Under no circumstances should assigned patient care related activities exceed those which a graduate physician assistant would otherwise be directed to perform. While the Physician Assistant Studies Program will consider personal and cultural values, ethics and religious beliefs of the students, patient health and the mission of the institution will not be impacted as a result of such beliefs.

Reason for Procedure

The purpose of the procedure is to establish guidelines regarding student participation in patient care activities while in enrolled in The University of North Texas Health Science Center at Fort Worth Physician Assistant Studies Program.

Procedure Details

1. Students must be able to demonstrate the ability to meet the health and technical standards.

2. Student preceptors may not permit PA students to perform any medical service or function without appropriate supervision. Supervision in the clinical setting is defined as the preceptor being physically present or immediately available to provide guidance.

3. After demonstrating proficiency, students may be permitted to undertake additional defined patient care activities under the appropriate supervision and direction of their assigned preceptor.

4. PA students are required to complete HIPAA training prior to any patient contact activities. Students may not release confidential patient information to anyone outside of their clinical preceptor or a qualified faculty member.
5. Students must follow the protocol for “patient notification of student status” and “dress code” as outlined in the SCPE Student Handbook regarding badge and white lab coat wear during clinical rotations. They must take all reasonable steps to disclose their status as a “physician assistant student” while performing patient care related activities.

6. Treatment and care will be provided to persons in need in accordance with the HSC Non-discrimination Policy.

7. Under some circumstances concerning environmental, chemical, and hazardous exposures, the PA student may be asked to make an informed decision concerning their continued participation in that SCPE and the resulting ramifications to their program completion.

Procedure No. 11: Physician Assistant Health and Technical Standards

Procedure Statement

All students enrolled in the Physician Assistant Studies Program curriculum must meet certain health and technical standards to fully participate in the educational programs contained in the curriculum. A candidate for the physician assistant degree must have abilities and skills in six areas: Observation, Communication, Motor, Intellectual, Behavioral and Environmental. Technological compensation can be made for some disabilities in certain areas, but for the majority, the candidate should be able to perform in a reasonably independent manner. The use of a trained intermediary requires a candidate's judgment to be mediated by someone else's power of selection and observation and is not a permissible accommodation.

1. Observation: Observation requires the functional use of vision and somatic sensations. The candidate must be able to observe demonstrations and experience lessons in the basic sciences including, but not limited to, physiological and pharmacological demonstrations in animals, microbiologic cultures, and microscopic studies of tissues in normal and pathologic states. A candidate must be able to observe a patient accurately at a distance and close at hand. Observation is enhanced by functional use of the sense of smell.

2. Communication: A candidate must exhibit interpersonal skills to enable effective caregiving of patients, including the ability to communicate effectively in person and in writing with all members of a multidisciplinary health care team, patients, and those supporting patients in order to gather information and describe changes in moods, activity and posture, and perceive nonverbal communication.

3. Motor: Candidates should have sufficient motor function to elicit information by palpation, auscultation, percussion and other diagnostic and therapeutic maneuvers. This includes performance of basic laboratory tests and may also include diagnostic procedures and reading EKGs and X-rays. A candidate should be able to execute movements which are reasonably required to provide general care and emergency treatment to patients. Examples of emergency treatment reasonably required include the application of pressure to stop bleeding, the opening of obstructed airways, and the performance of simple obstetrical maneuvers. Such actions require coordination of both gross and fine muscular movements, equilibrium and tactile and visual assessment.

4. Intellectual: Candidates should possess Conceptual, Integrative and Quantitative Abilities. These include obtaining measurements and performing calculations, reasoning, analysis and synthesis. Problem solving, the critical skill demanded of
physician assistants, requires all of these intellectual abilities. In addition, candidates should be able to comprehend three-dimensional relationships and to understand spatial relationships of structure.

5. **Behavioral:** Candidates must have sufficient emotional health required for full use of their intellectual abilities in the exercise of good judgment and prompt completion of all responsibilities attendant to the diagnosis and care of patients in a mature, sensitive and effective relationship to patients. Candidates must be able to function effectively under stress. They must be able to adapt to changing environments, display flexibility, and learn to function in the face of uncertainties inherent in the clinical problems of many patients. Compassion, integrity, concern for others, interpersonal skills, interest and motivation are all personal qualities which are assessed during the admission and education process.

6. **Environmental:** Candidates should be able to function in educational and healthcare settings with potential exposure to chemicals, gases, biohazards and environmental allergens that may be normally present in those settings. In those settings that require exposure to biohazards and/or chemicals, OSHA exposure limits and standards must be followed, including ability to use appropriate PPE.

**Reason for Procedure**

The purpose of this procedure is to establish the requirements regarding the health and technical standards for students’ enrollment in, progression through and graduation from The University of North Texas Health Science Center at Fort Worth Physician Assistant Studies Program.

**Procedure Details**
1. Students seeking enrollment into the Physician Assistant Studies Program must sign a statement indicating they have read and understand the Health and Technical Standards requirements and are in compliance with them.

2. Students returning from a medical leave of absence will be required to submit documentation, including a physician’s statement of compliance with the Physician Assistant Studies Program Health and Technical Standards requirements.

3. Requests for accommodation under Americans with Disabilities Act (ADA) rules will be referred to the Office of Student Affairs for review and a recommendation.

Procedure No. 13: Physician Assistant Leave of Absence

Procedure Statement

Students enrolled in academic programs within the School of Health Professions are permitted to request leave of absence due to a medical condition or for personal reasons. Upon completion of the leave of absence, the student must request readmission to the academic program in writing. Leave of absence for personal reasons cannot be granted if the student is not in good standing at the time the request is made. Leave of absence requires approval of the Dean of the School of Health Professions. After consultation with the student and upon recommendation from the respective director of the academic program in which the student is seeking re-enrollment, the Dean will determine if readmission after completion of leave of absence is approved. Upon return from leave of absence, the returning student may be required to affirm continued compliance with health and technical standards of their respective academic program. Students returning from leave of absence may be required to complete additional coursework or testing in order to meet academic requirements of their respective program.

Reason for Procedure

The purpose of this procedure is to establish guidelines regarding leave of absence requests for students enrolled in the School of Health Professions.

<tr>
<td>Dean, SHP</td>
<td>5-8</td>
</tr>
<tr>
<td>Registrar</td>
<td>2, 6, 7</td>
</tr>
</tbody>
</table>

Procedure Details

1. Leave of absence requests must be made in writing.
   a. If the leave is due to a medical condition, the request must be accompanied by documentation from a licensed healthcare professional. Documentation supporting leave for medical reasons must describe the nature of the medical need and the estimated length of time needed.
b. If leave is due to personal reasons, the student must be in good standing and the request must be accompanied by documentation from the student describing the reason and the estimated length of time needed for resolution. Leave of absence for personal reasons cannot be granted if the sole purpose for taking the leave of absence is to avoid a failing grade or placement onto academic probation.

2. A student taking leave of absence must submit a notification to the Office of Student Affairs indicating the dates of withdrawal and the date the student expects to return as approved by the respective academic program to resume classes or clinical rotations.

3. Upon returning from leave of absence, regardless of the reason, the student must petition for readmission in writing. Depending on the reason, the returning student may be required to submit additional documentation supporting their ability to resume a full academic load in their respective program.

4. The returning student should not present a health hazard to themselves or others in healthcare or academic environments. Documentation may be required to confirm the student continues to meet Health and Technical Standards of the academic program. Students returning from leave of absence may be required to reaffirm they meet immunization and health screening requirements.

5. Students returning from leave of absence may be required to complete additional coursework or testing to meet academic requirements of their respective program. The Dean should consult with the Program Director to confirm any additional requirements. To sustain congruity of learning in the program or to remediate learning deficiencies, the academic program may require a returning student to accomplish a revised academic schedule. A revised schedule may include, but will not be limited to, repeating courses, auditing courses, and/or completing new courses and/or assessments. The purpose of the revised schedule should be to prepare the student to resume progress in the program, to complete remaining courses or activities in the program, and/or to improve the student’s chances for success in the program. A student may be required to repeat all or a portion of previously completed portions of the curriculum upon their return. The director of the respective academic program retains approval over any requirements that are part of an approved remediation plan or a revised academic schedule.

6. If readmission is approved, the student shall be reinstated under conditions that are contained in an approved readmission plan. Failure of the student to accept an approved readmission plan may result in the student’s dismissal from the respective program.

7. A returning student is normally readmitted in good standing unless placement on academic probation is a condition for continued enrollment under an approved readmission plan. The returning student may be placed on academic probation if required for readmission by their respective program.
8. Leave of absence of greater than 1 year will not normally be approved.

Procedure No. 14: Physician Assistant Grade Appeals

Procedure Statement

Students enrolled in the Physician Assistant Studies (PAS) Program are responsible for meeting the standards of academic performance established for each course in which they are enrolled as well as requirements for completion of their academic program. Faculty members are responsible for establishing standards of academic performance and for evaluating student performance in an equitable manner. Faculty decisions in such matters are considered authoritative and can be overturned only when it has been determined that a grade was assigned in a capricious, inequitable, arbitrary, or erroneous manner.

Reason for Procedure

The purpose of this procedure is to provide guidelines for appealing grades for all students enrolled in the PAS Program.

Area of Responsibility

<td>--</td>
</tr>
<tr>
<td>Student Affairs</td>
<td></td>
</tr>
</tbody>
</table>

Procedure Details

1. Grades assigned by PAS Course Directors (CD) are final.

2. Grades are subject to appeal only when the student believes that the grade was awarded in an inequitable, arbitrary, or erroneous manner. Appropriate grounds for appeal include circumstances where the grade was assigned based on:
   a. inequitable treatment that is the result of departure from the instructor’s stated standards, and course policies; or
   b. a decision based on an error in fact

3. If a PAS student believes that an incorrect grade was assigned, the student is expected to first submit an appeal in writing to the PAS CD.
   a. All appeals must be made in writing within 5 business days of receipt of the original grade or decision.
4. If needed or desired, after receiving an appeal decision from the PAS CD, further appeal may be made to the PAS Program Director in writing within 5 business days of receipt of the PAS CD final decision.

5. If needed or desired, after receiving an appeal decision from the PAS Program Director, further appeal may be made to the SHP Dean in writing within 5 business days of receipt of the PAS Program Director final decision. The decision made by the SHP Dean is considered final.

Procedure No. 15: Physician Assistant Graduation Requirements

Procedure Statement

Students who have met all course requirements and have been recommended for graduation may be awarded the Master of Physician Assistant Studies (MPAS) degree provided they meet all of the conditions listed below:

A. Have satisfactorily completed all academic requirements of the Physician Assistant Studies Program
B. Have complied with all legal and financial requirements of the University of North Texas Health Science Center at Fort Worth.
C. Have exhibited the ethical, professional, behavioral, and personal characteristics necessary for practice as a PA.
D. Have completed and returned to the Physician Assistant Studies Program or the Office of the Registrar all graduation forms and paperwork required by the Physician Assistant Studies Program and the institution.
E. Have met other time limits listed below:

1. The maximum time limit for completing all graduation requirements is seventy-two (72) months.
2. Rarely, students may be required to meet additional requirements to meet other health science center, state, or national regulations.

Reason for Procedure

The purpose of this procedure is to establish consistent requirements for students recommended for graduation from The University of North Texas Health Science Center at Fort Worth Physician Assistant Studies Program

Procedure No. 16: Physician Assistant Promotion, Probation, Dismissal Procedure Manual

Procedure Manual Statement

Students enrolled in the Physician Assistant Studies Program must meet the academic and professional standards established by the Physician Assistant Studies Program to be eligible for promotion and to graduate noted in this procedure. Students who do not meet standards are subject to probation or dismissal. To be eligible for promotion, the student must meet the requirements of each course in all respective semesters of the curriculum.

This procedure contains the Physician Assistant Promotion, Probation, Dismissal Procedure for each of the following matriculating cohorts:

Section 1: Students matriculating prior to July 01, 2017
Section 2: Students matriculating July 01, 2017 through June 30, 2020
Section 3: Students matriculating July 01, 2020 and after

Section 1: Students matriculating prior to July 01, 2017

Procedure Statement

Students matriculating into the Physician Assistant Studies Program curriculum July 01, 2017 and prior must meet the academic and professional standards established by the Physician Assistant Studies Program to be eligible for promotion and to graduate noted in this procedure. Students who do not meet standards are subject to probation or dismissal. To be eligible for promotion, the student must meet the requirements of each course in all respective semesters of the curriculum. Failure of any course in the curriculum will lead to placement on academic probation or dismissal. A student who does not maintain a cumulative grade point average (CGPA) of ≥3.0 is subject to dismissal. Any student who fails to complete all requirements contained in an approved remediation plan is subject to dismissal. Other reasons for dismissal may include, but will not be limited to, unprofessional behavior, failure to comply with the Student Code of Conduct and/or failure to comply with University of North Texas Health Science Center at Fort Worth policies, and failure by a student of any course while they are on academic probation. Removal from academic probation requires a cumulative grade point average (CGPA) of 3.0 or higher. Appeals must be filed in writing through the office of the Dean of the School of Health Professions within 5 business days of notification of dismissal or remediation plan.

Reason for Procedure

The purpose of this procedure is to establish a procedure regarding PA Student promotion, probation, dismissal for students entering the Physician Assistant Studies Program prior to July 01, 2017.

Procedure Details

1. For students entering the Physician Assistant Studies Program prior to July 1, 2015, failure to maintain a CGPA ≥2.85 is cause for placement onto academic probation. A student on academic probation is subject to dismissal unless that student can or has raised their CGPA to 2.85 prior to their scheduled graduation date. A student with a CGPA <3.0 may graduate, be promoted to the next didactic semester, or be promoted into the clinical phase (“clinical rotations”). However, if that student is not able to raise their CGPA to ≥2.85 prior to their date of graduation, they will be dismissed or required to complete a remediation plan that will raise their CGPA to the required minimum.

2. For students entering the Physician Assistant Studies Program on or after July 1, 2015, failure to maintain a CGPA ≥3.0 is cause for placement on academic probation. A student on academic probation is subject to dismissal unless that student can or has raised their CGPA to 3.0 or higher within two (2) consecutive didactic semester periods or three (3) letter-graded clinical rotations during the clinical phase after being placed on academic probation. A student who is unable to raise their CGPA to ≥3.0 within these specified time periods may be dismissed or required to complete a remediation plan that will raise their CGPA to the required minimum.

3. Regardless of entry-date, all students enrolled in clinical rotations are expected to maintain a 3.0 or higher grade point average for completed clinical rotations (GPA-CR). Students failing to do so are subject to dismissal unless they are able to raise their GPA-CR to
3.0 or higher prior to graduation. Upon recommendation of the PASPC and approval of the Director of PA Studies a student may be offered a remediation plan to raise their GPA-CR to 3.0 or higher.

4. Students on academic probation are expected to take all steps necessary to improve their academic performance, which includes resigning from elected or appointed positions in UNTHSC sanctioned student groups. Exceptions are subject to approval by the Director of PA Studies.

5. Removal from academic probation occurs when the student has raised their CGPA to 3.0 or higher after completing a full academic semester or at least 3 graded clinical rotations. A student who is placed back on academic probation a second time or who has not successfully raised their CGPA by the end of one semester, must raise their CGPA to ≥3.0 by the next academic semester or after completing 3 graded clinical rotations, or they will be dismissed. A student who is placed on academic probation a third time because of a low CGPA, or a student who completes a remediation plan and is subsequently placed back into academic probation a second time, will be dismissed.

6. The date on the dismissal letter shall serve as the date of notification. Whenever possible, a student should be notified of dismissal in person. If notification cannot be made in person, notification by campus email or certified mail is acceptable.

7. Except in cases where attendance presents a potential for disruptive influence, the student who has filed an appeal of dismissal will be allowed to register for and attend course activities until a decision has been reached.

8. The Dean is expected to notify the student of their decision on an appeal within 5 business days. If the Dean determines that dismissal is not supported, the Dean will consult with the Director of PA Studies to develop a remediation plan. If the dismissal is upheld, the student is dismissed.

9. Failure of any course while a student is on academic probation is cause for dismissal. Failure to successfully complete any portion of a remediation plan, approved as a condition for reinstatement, is cause for dismissal.

10. Any student offered opportunity to apply for readmission after dismissal must apply through the normal admissions process. The academic record of a student who applies for readmission automatically becomes a part of the materials considered by the PA Studies Admissions Committee.
11. Appeals are handled in accordance with UNTHSC Student Academic and Non-Academic Complaint/Grievance Policy which can be found in the Student Affairs Policy Manual.

Revision Date(s): April 2015, March 2016, July 2017, April 2020
Section 2: For students matriculating July 01, 2017 through July 01, 2019

Procedure Statement

Students matriculating into the Physician Assistant Studies Program July 01, 2017 through June 30, 2020 must meet the academic and professional standards established by this Physician Assistant Studies Program procedure in order to progress through the program. Students who fail to meet these standards are subject to academic probation or dismissal. All students must complete the Physician Assistant Studies Program with course grades consisting of no more than 5 Cs and 0 Fs. A student who fails a didactic or practicum course can remediate that course for a grade of no higher than a C. Students will be placed on academic probation if they earn 3 or more course grades of C. Students will be removed from academic probation upon completion of all Physician Assistant Studies Program requirements with no more than 5 Cs and 0 Fs.

A Physician Assistant Student who obtains any of the following is subject to dismissal from the Physician Assistant Studies Program: accumulates >5 Cs in didactic and practicum phases of coursework, a final reported course grade of an F in a didactic or practicum course or fails to successfully meet the remediation criteria for a didactic or practicum phase course. Other reasons for dismissal may include (but not limited to) unprofessional behavior or failure to comply with the Student Code of Conduct and/or with UNTHSC policies.

A student’s appeal of a Physician Assistant Studies Program dismissal must be filed in writing to the Dean of the School of Health Professions within 5 business days of dismissal notification.

Reason for Procedure

The purpose of this procedure is to outline the process surrounding promotion, probation and dismissal from the Physician Assistant Studies Program for students entering in July 01, 2017 through June 30, 2020.

Procedure Details

1. Physician Assistant Students must accumulate acceptable course grades. Standards for completion of each course are contained in the course syllabus.

2. A Physician Assistant Student who fails a didactic course can remediate that course once. Successful remediation will result in a grade of “C” for that course, which will then count toward the number of Cs a student has accumulated. Only one course can be remediated during the didactic phase.

3. A Physician Assistant Student who fails a practicum course in the clinical phase can remediate that course once. Successful remediation will result in a grade of “C” for that course, which will then count toward the number of Cs a student has accumulated. Only one practicum course can be remediated in the clinical phase.

4. A Physician Assistant Student with course grades consisting of 3 or more C’s, or who has successfully remediated a failed didactic or practicum course will be placed on Academic Probation. A student will be removed from Academic Probation at completion of all program requirements with course grades consisting of no more than 5 Cs and 0 Fs in all courses.

5. A Physician Assistant Student will be dismissed from the program for reasons including but not limited to the following: (1) accumulation of 6 Cs in courses taken, (2) accumulation of an F in courses taken with a failed remediation, (3) unsuccessful remediation of a failed didactic course, (4) failure of a second didactic course after the successful remediation of a didactic course, (5) unsuccessful remediation of a failed practicum course, (6) failure of a second practicum course after the successful remediation of a practicum course, or (7) documented critical, persistent, or professionalism violation.

6. In either phase (didactic or clinical), if a student has any issues (e.g., medical, personal) that would affect their academic performance, a student must do the following: (1) contact the Student Service Center for documentation and resources, (2) demonstrate consistent use of appropriate resources to support academic performance in light of the issues, and (3) inform their Academic Advisor and the Associate Director of the PA Department that the student is working with Student Services. A student does not have to identify the nature of the issues to the Associate Director, but the first three points noted above must be documented prior to poor academic performance before consideration of such circumstances on academic performance issues.
7. A student dismissed from the PA program can make an appeal within 5 business days of official notification to the Dean of the School of Health Professions. A student can only appeal dismissal once for nonacademic issues and once for academic issues.

8. The Dean is expected to notify the student of a decision on an appeal within 5 business days. If the Dean determines that dismissal is not supported, the Dean will consult with the Program Director to develop a remediation plan. If the dismissal is upheld, the student is dismissed.

9. Appeals are handled in accordance with UNTHSC Student Academic and Non-Academic Complaint/Grievance Policy which can be found in the Student Affairs Policy Manual.

History
In the previous version of this procedure the number of C’s during the clinical practicum courses was not limited. This version which will go into effect July 01, 2017 so that the cumulative number of C’s allowed is 5, which includes the didactic and clinical practicum phases of the program.

Effective Date: July 01, 2017
Revision Date(s): April 2020
Section 3: For students matriculating July 01, 2020 and after

Procedure Statement

Students enrolled in the Physician Assistant Studies Program July 01, 2020 and after, must meet the academic and professional standards established by this Physician Assistant Studies Program procedure in order to progress through the program. Students who fail to meet these standards are subject to academic probation or dismissal.

Didactic Phase: Successful completion of the didactic phase of the Physician Assistant Studies Program curriculum is required to progress to the clinical phase. All students must complete the Physician Assistant Studies Program didactic phase with didactic course grades consisting of no more than 5 Cs and 0 Fs. A student who fails a didactic course can remediate that course for a grade of no higher than a C. Only one didactic course failure can be remediated. Students earning six or more C grades during the didactic phase with a program cumulative grade point average (cGPA) less than 3.25 are subject to program dismissal. Students earning six or more C grades with a cGPA \( \geq 3.25 \) will continue in the program as long as they maintain a cGPA \( \geq 3.25 \). Upon earning a cGPA < 3.25 in the didactic phase, students with six or more C grades will be dismissed.

Clinical Phase: All students must complete the Physician Assistant Studies Program clinical phase with clinical phase course grades consisting of no more than 1 C and 0 Fs. A student who fails a clinical course can remediate that course, but only one clinical course failure can be remediated. Earning two or more C grades in clinical phase courses or failure of a clinical course remediation regardless of cGPA will result in dismissal. A student failing a second clinical course may not remediate the second failure and will be dismissed.

Academic Probation: Students will be placed on academic probation if they earn 3 or more course grades of C in the didactic phase. Students will be removed from academic probation upon completion of all didactic phase requirements.

Academic Concern: Students will be placed on Academic Concern for any of the following: 1) earning two C grades in the didactic phase, 2) earning one C or requiring a remediation of an F grade in the clinical phase, or 3) requiring a remediation of a professionalism violation. This academic status recognizes students that may require additional assistance to successfully complete didactic phase requirements. Academic Concern status will persist through didactic and clinical phases. Students will be removed from Academic Concern by the Student Performance Committee prior to graduation.

In addition to the Didactic Phase and Clinical Phase criteria above, a Physician Assistant Student who obtains any of the following is subject to dismissal from the Physician Assistant Studies Program regardless of grades earned and/or cGPA for unprofessional behavior or failure to comply with the Student Code of Conduct and Civility (“The Code”) and/or with UNTHSC policies.
A student’s appeal of a Physician Assistant Studies Program dismissal must be filed in writing to the Dean of the School of Health Professions within 5 business days of dismissal notification.

**Reason for Procedure**

The purpose of this procedure is to outline the process surrounding promotion, probation and dismissal from the Physician Assistant Studies Program for students entering July 01, 2020 and after.

Successful remediation will result in a grade of “C” for that course, which will then count toward the number of Cs a student has accumulated. Only one didactic course can be remediated during the didactic phase.

3. A Physician Assistant Student who fails a practicum course in the clinical phase can remediate that course once. Successful remediation will result in a grade of “C” for that clinical course, which will then count toward the number of Cs a student has accumulated in the clinical phase. Only one practicum course can be remediated in the clinical phase.
4. A Physician Assistant Student with course grades consisting of 3 or more C’s in the didactic phase, or who has successfully remediated a failed didactic course will be placed on Academic Probation. Students will be removed from Academic Probation upon completion of all didactic phase requirements with no more than 5 Cs and 0 Fs.

5. A Physician Assistant Student is subject to dismissal from the program for reasons including, but not limited to the following: (1) accumulation of 6 or more Cs in courses taken in the didactic phase with a cGPA of < 3.25, (2) accumulation of 2 Cs in the clinical phase, (3) unsuccessful remediation of a failed didactic or clinical course regardless of cGPA, (4) failure of a second didactic course after the successful remediation of a didactic course regardless of cGPA, (5) failure of a second practicum course after the successful remediation of a practicum course regardless of cGPA, (6) documented critical, persistent, or multiple professionalism violation(s), or (7) failure to comply with the Student Code of Conduct and Civility (“The Code”) and/or with UNTHSC policies.

6. In either phase (didactic or clinical), if a student has any issues (e.g., medical, personal) they feel would affect their academic performance, a student must do the following: (1) contact the Student Service Center for documentation of the issue(s) and assistance with resources, (2) demonstrate consistent use of appropriate resources to support academic performance in light of the issues, and (3) inform their Academic Advisor and the Associate Director of the PA Department that the student is working with Student Services. A student does not have to identify the nature of the circumstances beyond their discussion with the Student Service Center, but the three points in this paragraph must be documented prior to poor academic performance before consideration of such circumstances on academic performance issues.

7. A student dismissed from the PA program can make an appeal within 5 business days of official notification to the Dean of the School of Health Professions. A student can only appeal dismissal once for nonacademic issues and once for academic issues.

8. The Dean is expected to notify the student of a decision on an appeal within 5 business days. If the Dean determines that dismissal is not supported, the Dean will consult with the Program Director to develop a remediation plan. If the dismissal is upheld, the student is dismissed.

9. Appeals are handled in accordance with UNTHSC Academic and Non-academic Complaint/Grievance Policy

**Related Policies and References**

UNTHSC Student Affairs Policy Manual, section: UNTHSC Academic and Non-academic Complaint/Grievance Policy
Physician Assistant Graduation Requirements

Definitions

1. Academic Probation. “Academic probation” serves as notice to the student that their continued enrollment is in jeopardy.

2. Academic Concern: "Academic Concern" serves as notice to the student that their continued enrollment is in jeopardy due to poor academic performance and does not alter academic standing.

4. Satisfactory Standing. “Satisfactory standing” in the didactic and clinical portions of the program requires accumulation of acceptable course grades.

5. Remediation. “Remediation” refers activities designed to remedy a failed course grade

Effective Date: August 01, 2021
Procedure No. 17: Physician Assistant Deferred Matriculation

Procedure Statement

The University of North Texas Health Science Center at Fort Worth (UNTHSC) Physician Assistant (PA) Studies Program has a general preference to avoid deferral of matriculation. However, some circumstances may warrant a request to defer admission to the subsequent year. Deferred admission requests are considered by the PA Studies Admissions Committee on a case-by-case basis.

Reason for Procedure

The purpose of this procedure is to establish a procedure on deferred matriculation of accepted applicants to the UNTHSC PA Studies Program.

Area of Responsibility

<table>
<thead>
<tr>
<th>Responsible party</th>
<th>Procedure detail section</th>
</tr>
</thead>
<tbody>
<tr>
<td>Applicant</td>

<td>3, 5, 7</td>
</tr>
<tr>
<td>PA Studies Admissions Committee</td>
<td>4</td>
</tr>
<tr>
<td>PA Studies Program Director</td>
<td>4</td>
</tr>
</tbody>
</table>

Procedure Details

1. Accepted applicants who wish to request deferral must submit a written petition (i.e., postal mail, faxed copy, or email with an attached copy) to the Office of Admissions and Recruitment indicating the rationale for the request and describing activities that are planned for the year. Applicants should address their letter to the Office of Admissions and Recruitment, Division of Student and Academic Affairs, UNT Health Science Center, 3500 Camp Bowie Boulevard, Fort Worth, TX 76107. Petitions requesting deferral for longer than one (1) year will not be considered.

2. All requests for deferral must be submitted prior to July 1 of the summer preceding the original matriculation date.
3. The Office of Admissions and Recruitment will forward the letter to the PA Studies Admissions Committee for review.

4. The PA Studies Admissions committee will review and decide to either accept or reject the applicant’s request for deferred matriculation. The recommended decision will be forwarded to the PA Studies Director for final approval.

5. If granted, the Office of Admissions and Recruitment will provide a written commitment to hold a place for the student in the next entering class.

   a. Note: the applicant is not considered to be a physician assistant student and should not represent himself or herself as such for personal or professional gain (e.g., scholarships, scholarly, and/or clinical activity). Additionally, the applicant is not eligible for school resources, including malpractice insurance, student health or mental health services, financial aid, academic preparation, or curricula content.

6. The applicant is expected to provide a written commitment to attend as scheduled and to refrain from applying to other physician assistant programs. Receiving a deferred admission is not intended to be used to secure a spot in the UNTHSC Physician Assistant Studies Program while continuing applications with other programs in the subsequent year. In doing so, the deferred admission will be rescinded.

7. If denied, the Office of Admissions and Recruitment will provide a written notification to the accepted applicant. The applicant may choose to matriculate with the entering cohort or deny the offer of admission to the program.

Related Policies and References

Procedure No. 18: Physician Assistant Program Student Professionalism Violation Procedure

Procedure Statement

Students enrolled in the Physician Assistant Studies (PAS) Program must meet the academic and professional standards established by the PAS Program in order to progress through the didactic and clinical phases of the program. Physician Assistant Studies (PAS) students who do not meet the professionalism standards by committing a professionalism violation must successfully remediate their behavior to otherwise remain eligible to continue in the PAS Program.

Reason for Procedure

The purpose of this procedure is to provide guidelines on remediation of a professionalism violation for all students enrolled in the PAS Program.

Area of Responsibility

Procedure Details

1. Any PAS student receiving a professionalism violation must remedy that violation.
2. The CD, DCE or APD will establish a remediation plan and timeline with guidance from the PASPC, DAE or DCE as needed.
3. The PASPC will monitor student progress during the remediation process.
4. A remediation plan may include, but is not limited to:
   i) Written assignment using a department-approved structure and grading rubric
   ii) Literature review with presentation
iii) Professionalism modules through Student Affairs
iv) Mandated professionalism mentoring by the CD, APD or DCE.

5. Potential violations of the UNTHSC Student Code of Conduct and Civility ("The Code") will be referred to the Student Affairs Office and may be reported to the Texas Medical Board (TMB).

6. A PAS student who commits a professionalism violation, except for minor lapses, will be reviewed and may result in academic concern, academic probation, or other sanctions.

7. A PAS student who does not successfully remEDIATE a professionalism deficiency will be subject to dismissal.

Procedure No. 19: Physician Assistant Admission Seat Deposit

Procedure Statement

Applicants admitted to The University of North Texas Health Science Center at Fort Worth (HSC) Physician Assistant (PA) Studies Program must pay a non-refundable Admission Seat Deposit to reserve their seat for full-time admission in the entering class. Admitted students are responsible for ensuring the deposit is paid by the stated deadline; otherwise, they will forfeit their seat in the entering class. The seat deposit will be credited toward the student’s first-semester tuition and fees upon enrollment. Some circumstances may warrant a request to extend or waive the Admission Seat Deposit.

Reason for Procedure

The purpose of this procedure is to establish guidelines for the payment of the Admission Seat Deposit for applicants offered full-time admission into the PA Studies Program.

Area of Responsibility

<tbody>
<tr>
<td>Applicant</td>
<td>1-4</td>
</tr>
<tr>
<td>Office of Admissions and Recruitment (OAR)</td>
<td>2-4</td>
</tr>
</tbody>
</table>

Procedure Details

1. Each year, applicants accepted into the PA Studies Program are required to pay a non-refundable Admission Seat Deposit that will be used toward the applicants’ tuition upon matriculation.
   a. By submitting a seat deposit and other required information, the applicant accepts an offer of admission to the PA Studies Program and confirms that they will attend classes for the given year.
   b. Applicants may rescind the offer of admission to the PA Studies Program by notifying the Office of Admission and Recruitment (OAR) in writing of their decision.
   c. Admission Seat Deposit payments are non-refundable if the applicant chooses not to attend the program.

2. Half of the Admission Seat Deposit is due 14 days after receiving an official offer. The remaining balance is due on June 1st of the matriculation year.
a. OAR will contact the applicant if the Admission Seat Deposit has not been received by the due date. Failure to respond may result in rescinding the applicant’s seat in the cohort.

b. Any offers of admission to the HSC PA Studies Program made after June 1st will not require an Admission Seat Deposit.

3. Requesting an extension for the seat deposit:
   a. Applicants who wish to request an extension must submit a written petition (i.e., postal mail, faxed copy, or email with attached documentation) to the OAR providing the reason for the request and the new proposed due date.
   b. All requests for an extension must be submitted or postmarked by the original due date.

4. Requesting a waiver for the seat deposit:
   a. Applicants who wish to request a waiver must submit a written petition (i.e., postal mail, faxed copy, or email with attached documentation) to the OAR explaining the reason for the request and providing any supporting documentation.
   b. All requests for a waiver must be submitted or postmarked by the original due date.
   c. A limited list of acceptable reasons for the request is provided below:
      i. Financial hardship/need
         1. Applicant has qualified for CASPA Fee Assistance Program
         2. Applicant has qualified for need-based Federal assistance
         3. Applicant has submitted a financial hardship letter and supporting documentation
      ii. Military status
         1. Applicant has current or previous military service
         2. Applicant has a direct family member with current or previous military service
Related Policies and References
None

Definitions

3. Applicant. “Applicant” is a person who has submitted a completed application for admission into the PA Studies Program using approved processes and has paid the required application fees.

4. Matriculation. “Matriculation” is when an applicant becomes a student and is enrolled in courses.

5. Admission Seat Deposit. “Admission Seat Deposit” is a non-refundable fee required to reserve an applicant’s seat in the class for which they are admitted. The seat deposit is applied toward the applicant’s tuition upon matriculation.

Online Forms
All seat deposits are submitted online at The University of North Texas Health Science Center Commerce Manager Payer.

Procedure No. 20: Physician Assistant Student Attendance Procedure

Procedure Statement
Students enrolled in the Physician Assistant Studies (PAS) Program must meet the academic and professional standards established by the PAS Program to progress through the didactic and clinical phases of the PAS Program. Students are expected to attend all scheduled classes and clinics as per the published SHP academic calendar and course syllabus. Required classes and events for students are scheduled between the hours of 8 AM and 5 PM during the didactic phase; however, it may be necessary to hold classes, labs, or activities outside of these hours. Clinical phase students will be required to be available outside of the aforementioned times, as determined by the specific rotation. Students are required to attend course components as published in the schedule and syllabus. PAS students who do not meet attendance requirements in the didactic or clinical phase of training may not remain eligible to continue in the PAS Program. See Promotion, Probation, Dismissal Procedure Manual.

Reason for Procedure
The purpose of this procedure is to provide guidelines for attendance for all students enrolled in the PAS Program.

Procedure Details for Didactic Phase

1. Attendance is required for all PAS course activities in each phase of the curriculum. PAS students must email the PAS CD/Liaison as soon as possible when an absence is expected or has occurred. PAS students requesting an excused absence must submit documentation to pastudies@UNTHSC.edu and the PAS CD.
2. The PAS student may not accrue more than 5 *cumulative days of absence* per academic block without prior approval by the PAS Program administration.
3. Tracking Attendance:
   a. Attendance will be documented by the PAS CD in each PAS course.
   b. No PAS student may record the attendance of another PAS student for any reason. This action will constitute a violation of the UNTHSC Student Code of Conduct and Civility (“The Code”), resulting in disciplinary proceedings.
4. Excused absences may be granted for emergencies (i.e., bereavement) or illness related to the PAS student or dependent family members.
   a. Documentation substantiating reasons for absences is required. (i.e., medical note for self or dependent or obituary with funeral date, etc.).
   b. Documentation must be sent to pastudies@UNTHSC.edu and the PAS CD.
   c. All excused absences during didactic phase must be approved by the PAS CD/Liaison and the DAE.
   d. HSC respects the rights of students to observe religious holy days which are considered excused absences. More information can be found in the Student Affairs Policy Manual.
   e. For a PAS student who misses an assessment due to an excused absence, the PAS CD/Course Liaison and DAE, will coordinate with Testing Services (if applicable) to schedule a time, if it is possible, to make up the assessment. Notification of absence should be provided prior to the scheduled assessment.

5. Unexcused absences:
   a. Letter grade courses: Each unexcused absence will result in a 1% deduction on the final PAS course grade. For example, a final average of 91% for the course would drop to 90% for one unexcused absence and to 89% for two unexcused absences. PAS students who miss an assessment with an unexcused absence will not be able to take the assessment and will receive a 0 for that assessment. Three unexcused absences will result in a course grade of “F”.
      i. The PAS student may not miss 2 consecutive business days for unexcused absences per academic block (usually 9-week terms). This will result in a professionalism violation. See Professionalism Violation Procedure.
   b. Pass/No Pass courses: Refer to course syllabus for assessment remediation for unexcused absences. See PA Studies Remediation procedure. Two unexcused absences will result in a grade of “No Pass”.

6. Tardiness is unprofessional conduct. PAS students are required to arrive to PAS course components on time.
   a. PAS students must notify the PAS CD or Liaison of their estimated arrival time as soon as possible if tardiness is anticipated.
   b. Chronic tardiness is not acceptable. Every 3 occurrences of tardiness in a course will result in an unexcused absence. Additional occurrences may result in a professionalism violation. See Professionalism Violation Procedure.

Procedure Details for Clinical Phase

7. Attendance is required for all PAS course activities in each phase of the curriculum. Preceptors are not the approving authority to determine excused or unexcused absences.
8. Excused absences may be granted for emergencies (i.e., bereavement) or illness related to the PAS student or dependent family members.
9. Documentation substantiating reasons for absences is required. (i.e., medical note for self or dependent or obituary with funeral date, etc.).
   a. Any time a student is absent or tardy or expects to be absent or tardy from the SCPE, they must notify/email the DCE (cc the SCPE Faculty Course Director) and the clinical preceptor as soon as feasible or the absence will be considered unexcused.
   b. Failure to do this will be considered unprofessional behavior.
   c. The student must record each absence in eValue™ time tracking.
10. Approval of absences is at the discretion of the DCE and should be requested prior to being absent. The DCE will determine if an absence is excused
or unexcused.
11. The DCE is permitted to require the student to provide verification for any absences that occur, which may include proof of illness from a healthcare provider or proof of funeral attendance.
12. In emergent situations, the student must notify the DCE immediately via email. Failure to obtain approval from the DCE of any absence, including absence due to tardiness, may also include a remediation assignment.
13. A pattern of non-attendance and tardiness may be considered a violation of the Student Code of Conduct and Civility (“The Code”).
14. In the event of a SCPE failure, a student’s attendance record will be considered when making recommendations on probation, remediation, and dismissal.
15. Students are not permitted more than 2 excused absences total per SCPE. This does not mean that a student is automatically granted 2 absences per SCPE. Greater than 2 absences will result in repeating the entire SCPE, with the exception of illness requiring quarantine.
16. Excessive excused absences may result in additional clinical experience/assignments and potentially repeating the entire SCPE. The student will be required to make up the missed time at the discretion of the DCE. In the event the student cannot make up the missed time prior to the end of the SCPE, the student will be required to repeat the entire SCPE. Make up assignments are not permitted to interfere with other SCPE requirements.
17. Taking call may be a requirement of a SCPE setting. Failure to respond or participate in call mandated by the preceptor will be considered an unexcused absence as well as unprofessional conduct.
18. Some clinical assignments may require the student to attend activities on weekends, holidays, or other irregular hours when their clinical preceptor is working. A lack of willingness to participate in these activities reflect negatively on the PAS Program and the PA profession and will be considered unprofessional conduct.
19. Unreported absences will automatically be considered unexcused absences, which could result in failure of the SCPE, be considered unprofessional conduct, and possibly result in dismissal from the PAS Program.
20. For a PAS student who misses an assessment due to an excused absence, the Clinical team member for the clinical phase will coordinate with Testing Services (if applicable) to schedule a time, if it is possible, to make up the assessment. Notification of absence should be provided prior to the scheduled assessment.
21. HSC respects the rights of students to observe religious holy days which are considered excused absences. More information can be found in the Student Affairs Policy Manual.

Procedure Details Pertaining to both Didactic and Clinical Phases

22. Extenuating circumstances: Request for absences not specified above must be preapproved by PAS Program administration (Didactic Phase: DAE and Clinical Phase: DCE)
23. Whether an absence is excused or unexcused, make-up sessions or “re-teaching” of previously delivered materials is not guaranteed. The PAS student is responsible for all material covered during any missed class/SCPE activity. Most course components cannot be made up or recreated.
24. PAS student attendance may be considered when making recommendations for, but not limited to, the following: disciplinary actions, remediation, dismissal, awards, scholarships, honors, and honors elective SCPEs.
25. Virtual attendance. Virtual access to an in-person session is not guaranteed. Virtual access is at the discretion of the CD and/or DCE. Virtual access does not substitute for in-person class attendance or remediation requirements. The PAS student is responsible for all material covered during any missed course component. Refer to excused absence definition and requirements.

26. For all communicable diseases, the PAS Program will follow CDC guidelines pertaining to attendance for any class/SCPE activity.

Appendix A

Advice from Successful PAS Students

- Study every day.
- Discuss what you learned with others.
- There is nothing wrong with getting help; CAP has a lot of good resources.
- Figure out what works for YOU. It may not be the same as what is best for your friends in the class, so do not study with them if it is not conducive to your learning.
- Study in the morning.
- Preview!
- Find different classmates that excel in different areas and learn what and how they study.
- Organize your studying. Keep a planner and write down what you are going to study and when.
- You must study on your own to benefit from what your peers have to offer. Once you know the information, study in groups, bounce ideas off each other for clarity, compare “important points”, and go to labs (OSCE and anatomy) with different people.
- Do not expect your classmates to teach you what you have not studied. Do not copy your peer’s work because you do not have time to do it yourself. Do not do exactly what everyone else in the class does.
- Give yourself breaks. Spend a couple of hours each day with family or friends and do not even think about studying! Set an alarm on your phone when it is time to go back to studying.
- Get your sleep! Staying up too late only makes everything worse!
- Choose what attitude you will have. People that are optimistic have much less stress.
Appendix B

School of Health Professions Dismissal Appeal Process

Reason for Procedure
An SHP student who receives a decision for dismissal from the Department Chair can appeal the dismissal decision to the SHP Dean.

Area of Responsibility
Student: Process(es) 1, 3, 5, 6, 8
Student and Advisor: Process 8
Department Chair/Program Director: Process(es) 4, 5, 7
SHP Dean: Process(es) 2,10
Appeal Officer: Process(es) 2, 3, 5, 6,9
Ad hoc Appeal Committee: Process(es) 2, 9
UNT System Office of the General Counsel: 8

Process Details
The following administrative procedures should be followed in sequential order:

1. The student must submit their intent to appeal via email to the SHP Dean in writing within five (5) business days of receiving official notification of dismissal from an SHP program.

2. The SHP Dean will charge an ad hoc committee to review the appeal and conduct a hearing. The committee will be composed of four appointed SHP faculty members and the designated Appeal Officer (AO). These will be the only voting members for the appeal. The members should not include individuals directly involved in the original dismissal decision.

3. The student will submit a written appeal statement that the student may read at the hearing and supporting documentation to the committee through the AO. Documents must be submitted to the AO within three business days after submitting the appeal to the SHP Dean. No additional documents will be considered after the initial submission. The student must notify the Dean if they plan to be accompanied by an advisor and/or an attorney at the hearing.

4. The Department Chair will provide the committee with documentation supporting the dismissal decision through the AO.
5. The Chair and/or student may submit written witness statements as part of the document review. In some cases, witnesses (es) may be asked to appear in person at the hearing. The Chair and/or student must submit the witness(es) names, including a witness statement, to the AO within three business days from receipt of the student's written appeal letter. The AO will decide if in-person witness testimony is relevant and/or necessary. The AO can limit the number of in-person witnesses to facilitate the process and avoid redundancy.

6. The AO reviews and provides all documents to the committee. The student will appear before the ad hoc committee for all dismissal appeals. The hearing will typically be completed within five business days of the receipt of the appeal.

7. During the hearing, the Department Chair will present the case and relevant documentation supporting the dismissal decision to the committee.

8. The student may read their written appeal statement to the committee during the hearing. The student may be assisted by an advisor of the student's choosing. If an advisor assists the student, only the student may speak or ask questions. If the advisor has a license to practice law, this must be disclosed in advance. If the student is accompanied by an attorney, an attorney from the UNT System Office of the General Counsel must also be present at the hearing.

9. Following the appeal hearing, the ad hoc committee will review the evidence and deliberate in a closed session. The committee then makes a non-binding recommendation to the Dean.

10. The SHP Dean makes the final decision based on the review of information and recommendations of the ad hoc committee. The Dean will notify the student of the decision within three days of the appeal proceeding.

School of Health Professions Student Leave of Absence Process

Reason for Process

This process aims to align the program(s) procedures within the School of Health Professions and state the process for student leave of absence for the School of Health Professions and its subsidiary programs.

Area of Responsibility

Student:

LOA Process(es) 1, 2, 3, 4, 5
Readmission Process(es) 1, 2

Department Chair/Program Director:

LOA Process 3, 7
Readmission Process(es) 5, 6

SHP Dean:

LOA Process 5
Readmission Process(es) 3, 4

Office of the Registrar:

LOA Process 6

Process Details
Requesting a Leave of Absence (LOA):

1. For students wishing to seek LOA, the student initiates a meeting with the Department Chair/Program Director to seek information on the process, qualifications, and requirements for leave and return from leave. The meeting should outline the following:
   a. What a Leave of Absence means
   b. Outlining the process for leave of absence
   c. The different types of leave - medical vs. personal
   d. Where to obtain the proper forms and documentation

2. The student notifies the Chair of their decision to proceed with LOA.
   a. The student obtains the necessary form/s from the Office of the Registrar.

3. Chair sends an email to the student and copies the DAE, DCE, faculty advisor, Office of Registrar, and Dean that the student is initiating the process and outlining approval.

4. Student submits a request with supporting documentation to Dean following Chair approval and meets with all necessary departments on the official form.

5. The student submits the official Office of the Registrar LOA form after obtaining the necessary signatures on the form and other required documents. (The directions on the form must be followed. The signatures needed on the form can be completed in person or via electronic means if the appropriate discussions with each entity have occurred.)
   a. If the leave is due to a medical condition, the request must include documentation from a licensed healthcare professional that the student is under their care. A letter from a relative will not be accepted. Documentation supporting leave for medical reasons must describe the nature of the medical need and the estimated length of time needed.
   b. If leave is due to personal reasons, the student must be in good standing, and the request must be accompanied by documentation from the student describing the reason and the estimated length of time needed for resolution. Leave of absence for personal reasons cannot be granted if the sole purpose for taking the leave of absence is to avoid a failing grade or placement onto academic probation.
c. The Dean signs the form if approved for a leave of absence.

6. The Office of the Registrar verifies that the student has taken a Leave of Absence and notifies Program Director and Dean.

7. If LOA is approved:
   
   a. An official letter from the Department Chair/Program Director that outlines receipt of the LOA form being processed (send with a read receipt) and outlines conditions for return, including:
      
      - the timeline to request readmission
      - readmission process
      - approved future curriculum plan
      - consequences of failure to meet the revised academic schedule/plan of study.
   
   b. The letter is sent by #HSCSecure to the student. The following key contacts (not all-inclusive) are copied in the letter if applicable:
      
      - Dean, School of Health Professions
      - Student & Academic Affairs
      - Department/Program Faculty Advisor
      - Director of Clinical Education (if clinical education is affected by LOA)
      - Director of Academic Education
      - Specific course directors of courses that are critical to the student's plan of study
      - Academic Program Manager
      - Financial Aid
      - Center for Academic Performance
      - Director of Enrollment & Records/Registrar (registrar@unthsc.edu and Director of Enrollment, Records and Registrar)
Readmission:

1. The student notifies the Office of the Registrar, the Dean of the School of Health Professions, Department Chair/Program Director of the intent to return to the program, when possible, at least 30 days before the start of the classes.

2. Upon returning from a leave of absence, the student must petition for readmission in writing, regardless of the reason. Depending on the reason, the returning student may be required to submit additional documentation supporting their ability to resume a full academic load in their respective program.

3. The Dean will review documentation and determine the date of return and curricular path with consultation of the Department Chair/Program Director.

4. The Dean sends an official letter to the Department Chair/Program Director and Registrar of the decision for readmission.

5. The Department Chair/Program Director sends a letter confirming the decision on readmission and reaffirming the conditions for readmission to the student. If the student fails to accept the readmission plan as a condition of enrollment, the student may be dismissed from the program.

6. The Department Chair/Program Director sends student confirmation and a specific curricular plan based on the return timeline. The following key contacts (not all-inclusive) are copied in the letter if applicable:
   a. Dean, School of Health Professions
   b. Student & Academic Affairs
   c. Department/Program Faculty Advisor
   d. Director of Clinical Education (if clinical education is affected by LOA)
   e. Director of Academic Education
   f. specific course directors of courses that are critical to the student's plan of study
   g. Academic Program Manager
h. Financial Aid

i. Center for Academic Performance

j. Director of Enrollment & Records/Registrar (registrar@unthsc.edu and Director of Enrollment, Records and Registrar)

Acknowledgement and Receipt

I have read the PAS Student Handbook and received answers from PAS faculty or staff to any questions that I may have had. I understand that I may contact PAS faculty and staff in the future should additional questions arise. I recognize that it is my responsibility to understand and comply with the policies and procedures contained in this handbook and any revisions made to it in the future. I know where to find the PAS Student Handbook on the PA Studies Website will reference the handbook when PAS program questions arise. I understand that this information applies to me while on or off campus when acting in my role as a PAS student.
