**Step 4: Students who have gained substantial professional public health practice experience after their first semester of enrollment may speak to their faculty advisor about requesting an exception to the waiver deadline. Students participating in matching interviews must notify potential site supervisors of whether or not they have received a waiver during the interview. No waivers will be granted after interviewing has begun.*

*** Step 5: Qualtrics matching surveys will be sent via invitation to students who indicate in Step one that they are starting in the summer. A link will also be distributed in the student newsletter each November by the 15th of the month.*
