

Please join us for a celebration and groundbreaking ceremony for HSC's future Regional Simulation Center.

Wednesday, September 1st

3:00 pm

Library 110, Mini-Auditorium

The celebration will include a presentation from HSC leadership as well as some key project leaders, followed by snacks and refreshments. The new simulation center is scheduled to open June 2022 and will serve HSC students and our community partners. The center will feature expanded areas for clinical exams, simulation rooms, VR rooms, procedural skills and ADL home suite. Renderings of the new center will be on display at the groundbreaking event.

Presentation by:

Dr. Charles Taylor, Provost • **Jessica Rangel**, SVP Clinical Innovation
Clint Menefee, SmithGroup • **Roman Buckner**, McGough
Karen Meadows, HSC Director of Simulation

no RSVP required
