

**Export Control Certification for Foreign Beneficiary**

To comply with current immigration requirements, the University of North Texas Health Science Center must certify compliance with U.S. Export Control Regulations. Therefore, as the departmental personnel who will be directing the work of the beneficiary identified below, you must check the appropriate box. With respect to the technology or technical data the petitioner will release or otherwise provide access to the beneficiary, the petitioner certifies that they have reviewed the Export Administration Regulations (EAR) and the International Traffic and Arms Regulations (ITAR) and have determined that:

(Beneficiary - Enter employee’s name & Department as shown on visa application)

1. A license is not required from either U.S. Department of Commerce or the U.S. Department of State to release such technology or technical data to the foreign person; or
2. A license is required from the U.S. Department of Commerce and/or U.S. Department of State to release such technology or technical data to the beneficiary and the petitioner will prevent access to the controlled technology or technical data by the beneficiary until and unless the petitioner has received the required license or other authorization to release it to the beneficiary.

NOTE: If the University is required to obtain a license, it may take a period of months for that license to be granted.

For assistance in determining whether the technology or technical data is subject to export controls, you may contact Crystal Perez, Exports Controls and Research Ethics Officer, at [Crystal.Perez@unthsc.edu](mailto:Crystal.Perez@unthsc.edu). The following websites provide additional information:
