Registration

Thank you for registering for Patient Portal. An email has been sent to you that will instruct you how to set your password.

Click on the link in the email to set up your password

Dear [Name],

You have requested a new password for the Patient Portal, please follow these instructions to log in.

Log into the Patient Portal by clicking on this link, or copying and pasting it in your browser: https://unthsc.medicatconnect.com/

Your user name is [username]. You will be prompted to create your unique password that you will use to access the portal in the future.

Your user name and the password you create are your keys to the portal website. Bookmark this address: https://unthsc.medicatconnect.com

Thank you and, once again, welcome to the Patient Portal!

If you have any issues during the registration process, please contact health@unthsc.edu
