

## Texas Conference on Health Disparities

### 15<sup>TH</sup> ANNUAL TEXAS CONFERENCE ON HEALTH DISPARITIES

#### “Women’s Health Disparities”

The conference will focus on the significant disparities that occur in various racial/ethnic groups that impact women’s health, including breast and cervical cancer, poor pregnancy outcomes, metabolic health, and mental health. Nationally renowned experts in various health disparities will present their ongoing work in the fields of minority health and health disparities.
