

## Community Service

**FY 2014 Goal:** Increase department involvement within the university, local, state, and national communities to enhance visibility and appreciation for the value of OMM.

**FY 2014 Initiatives:**

- Promote the art and science of osteopathic manipulative medicine by facilitating faculty and staff participation in community health fairs.
- Strengthen community partnerships by increased involvement with high school/college students via Career Days.
- Strengthen community partnerships by encouraging employee participation in the Campus Pride Campaign.
- Increase department visibility within medical community.
- Identify opportunities to provide community education to local, state and national D.O.s.

## Community Service

The Department of Osteopathic Manipulative Medicine participates in several community athletic and health events throughout the year. At these events, a soft tissue training session is provided to the public free of charge. The sessions are staffed by TCOM students of all class rankings and precepted by department faculty. The average number of tables at each event is 10. In the 2013-2014 year the department participated in the following local events:

**October 12, 2013 - DO Dash** in Fort Worth. SAAO staffed a booth with Dr. Clay Walsh precepting. One GTA and 18 student volunteers participated. Fifty-nine runners were treated pre and post-race.
