

- [Intramural NIAID Research Opportunities \(INRO\)](#) is an extraordinary opportunity for talented medical students, doctoral students, and undergraduate senior level students from populations underrepresented in the biomedical sciences. Students selected spend four days at National Institute of allergy and Infectious disease (NIAID) with some of the Institute's premiere researchers. The all-expenses paid visit to NIAID will take place February 4–7, 2019, on the National Institutes of Health Campus in Bethesda, Maryland. Applicants are chosen through a highly competitive evaluation process, which are open September 1 – October 15. More information in [PIVOT](#).
- [American Association for the Advancement of Science](#). AAAS is seeking pharmacists, pharmaceutical scientists and health services researchers who may be interested in participating in the AAAS Science & Technology Policy Fellowships (STPF) program. The **yearlong fellowship** sponsors a class of close to 300 fellows who represent a broad range of backgrounds, disciplines and career stages. After their fellowship, fellows become members of a strong corps of 3,000+ alumni – policy-savvy STEM leaders in academia, government, industry and the nonprofit arena. The deadline to apply is **Thursday, Nov. 1, 2018**.
